Do you have diabetes, and have a Veteran Gold Card or Veteran White Card, with diabetes as an accepted condition?

DVA can help

Whether you've recently been diagnosed, or you've been living with diabetes for some time, DVA has information and services to help you manage and live well with diabetes.

Diabetes affects more than one million Australians. A diagnosis of diabetes may be quite overwhelming but plenty of support is available. Visit your GP if you think you might have or are at risk of having diabetes, or if it's been a while since you've checked in.
