Part IIIB—Provisions applying to service pension, income support supplement and veteran payment

Division 1—Ordinary income concept

46 General meaning of ordinary income

A reference in this Act to a person's ordinary income for a period is a reference to the person's gross ordinary income from all sources for the period calculated without any reduction, other than a reduction under Division 2.

Note 1: For *ordinary income* see subsection 5H(1).

Note 2: For other provisions affecting the amount of a person's ordinary income see section 46AA (work bonus), sections 46B and 46C (business income), Division 3 (income from financial assets (including income streams (short term) and certain income streams (long term)) and Division 4 (income from income streams not covered by Division 3).

46A Certain amounts taken to be received over 12 months

If a person receives, whether before or after the commencement of this section, an amount that:

- (a) is not income within the meaning of Division 3 or 4 of this Part; and
- (b) is not:
 - (i) income in the form of periodic payments; or
 - (ii) ordinary income from remunerative work undertaken by the person; or
 - (iii) an exempt lump sum;

the person is, for the purposes of this Act, taken to receive one fifty-second of that amount as ordinary income of the person during each week in the 12 months commencing on the day on which the person becomes entitled to receive that amount.

Division 1A—Work bonus

46AA Income concession

- (1) This section applies to a person if:
- (a) the person's rate of service pension or income support supplement is calculated in accordance with the Rate Calculator; and
 - (b) the person has reached qualifying age.

Note: For *qualifying age* see section 5Q.

Work bonus income greater than or equal to income concession amount

- (2) If the person's work bonus income for a pension period is greater than or equal to the income concession amount for that period, then, for the purposes of Module E of that Rate Calculator, the amount of the person's work bonus income for that period is reduced by an amount equal to the income concession amount.

Note: For *work bonus income*, see subsection (4BA).

Example 1: David has \$2,300 of work bonus income in a pension period. David's rate of service pension or income support supplement for that period is greater than nil.

David's work bonus income for that period is reduced by \$300, leaving David \$2,000 of work bonus income for that period.

Example 2: Amy has \$1,000 of work bonus income in a pension period. Amy's rate of service pension or income support supplement for that period is greater than nil.

Amy's work bonus income for that period is reduced by \$300, leaving Amy \$700 of work bonus income for that period.

- (3) If the person's unused concession balance (see section 46AC) is greater than or equal to the amount (the *current amount*) of the person's work bonus income that remains after applying subsection (2) of this section in relation to a pension period:

Section 46AA

- (a) for the purposes of Module E of that Rate Calculator, the person's work bonus income for that period is further reduced to nil; and
- (b) if the person's rate of service pension or income support supplement for that period is greater than nil—the person's unused concession balance is reduced by an amount equal to the current amount.

Example 1: To continue example 1 in subsection (2), assume David's unused concession balance is \$2,000. The current amount is \$2,000.

David's work bonus income for that period is further reduced to nil.

David's unused concession balance is now nil.

Example 2: To continue example 2 in subsection (2), assume Amy's unused concession balance is \$1,600. The current amount is \$700.

Amy's work bonus income for that period is further reduced to nil.

Amy's unused concession balance is now \$900.

- (4) If the person's unused concession balance (see section 46AC) is greater than nil but less than the amount of the person's work bonus income that remains after applying subsection (2) of this section in relation to a pension period:
 - (a) for the purposes of Module E of that Rate Calculator, the person's work bonus income for that period is further reduced by an amount equal to that unused concession balance; and
 - (b) if the person's rate of service pension or income support supplement for that period is greater than nil—the person's unused concession balance is reduced to nil.

Example: Bill has \$1,300 of work bonus income in a pension period. Bill's rate of service pension or income support supplement for that period is greater than nil.

Under subsection (2), Bill's work bonus income for that period is reduced by \$300, leaving Bill \$1,000 of work bonus income for that period.

Assume Bill's unused concession balance is \$800.

Part IIIB Provisions applying to service pension, income support supplement and veteran payment

Division 1A Work bonus

Section 46AA

Under subsection (4), Bill's work bonus income for that period is further reduced by \$800 leaving Bill \$200 of work bonus income for that period.

Bill's unused concession balance is now nil.

Work bonus income less than income concession amount

- (4A) If the person has work bonus income for a pension period but that income is less than the income concession amount for that period:
- (a) for the purposes of Module E of that Rate Calculator, the person's work bonus income for that period is reduced to nil; and
 - (b) if the person's rate of service pension or income support supplement for that period is greater than nil—the person's unused concession balance (see section 46AC) is increased, subject to subsection 46AC(2), by an amount equal to the difference between that income concession amount and that work bonus income (before it was reduced).

Note: For *work bonus income*, see subsection (4BA).

Example: Emma has \$100 of work bonus income in a pension period. Emma's rate of service pension or income support supplement for that period is greater than nil.

Emma's work bonus income for that period is reduced to nil.

Emma's unused concession balance is increased by \$200.

No work bonus income

- (4B) If:
- (a) the person has no work bonus income for a pension period; and
 - (b) the person's rate of service pension or income support supplement for that period is greater than nil;
- the person's unused concession balance (see section 46AC) is increased, subject to subsection 46AC(2), by an amount equal to the income concession amount for that period.

Note: For *work bonus income*, see subsection (4BA).

Section 46AA

Definitions

- (4BA) For the purposes of this section, a person's **work bonus income** for a pension period is the sum of the following:
- (a) the person's employment income received in that period;
 - (b) the person's gainful work income for that period.

Note: For **employment income**, see section 46AB.

- (4BB) For the purposes of this section, a person's **gainful work income** for a pension period is the amount worked out using the following formula:

$$\frac{\text{Annual amount}}{26}$$

where:

annual amount means the annual amount of ordinary income of the person that is earned, derived or received by the person from gainful work (within the meaning of section 46ABA) undertaken by the person, being the annual amount as last determined by the Commission.

- (4C) The **income concession amount** for a pension period is \$300.

Interpretation

- (5) If the person is a member of a couple, apply this section in relation to the person, and to the person's partner, before applying Point SCH6-E3 of Schedule 6.
- (5A) If:
- (a) the person is a member of a couple; and
 - (b) the person's partner's work bonus income (within the meaning of section 1073AA of the *Social Security Act 1991*) is reduced by one or more amounts (each of which is a **reduction amount**) under section 1073AA of that Act;

Section 46AB

then, in applying point SCH6-E3 of Schedule 6, the ordinary/adjusted income of the person's partner is to be reduced by an amount equal to the total of the reduction amounts.

- (6) This section is subject to section 46AD (about no double income reductions under this section and section 115G).

46AB Meaning of *employment income*

- (1) For the purposes of section 46AA, *employment income*, in relation to a person, is ordinary income of the person:

- (a) that is for remunerative work of the person as an employee in an employer/employee relationship; and
- (b) that includes, but is not limited to:
 - (i) salary, wages, commissions and employment-related fringe benefits; and
 - (ii) if the person is engaged on a continuing basis in that employer/employee relationship—a leave payment to the person;

but does not include:

- (c) a superannuation payment to the person; or
 - (d) a payment of compensation, or a payment to the person under an insurance scheme, in relation to the person's inability to earn, derive or receive income from that remunerative work; or
 - (e) if the person is not engaged on a continuing basis in that employer/employee relationship—a leave payment to the person; or
 - (f) a payment to the person by a former employer of the person in relation to the termination of the person's employment; or
 - (g) a comparable foreign pension; or
 - (h) an instalment of parental leave pay.
- (2) For the purposes of subsection (1), a leave payment:
- (a) includes a payment in respect of personal/carer's leave, annual leave, maternity leave or long service leave; and

Section 46ABA

- (b) may be made as a lump sum payment, a payment that is one of a series of regular payments or otherwise; and
- (c) is taken to be made to a person if it is made to another person:
 - (i) at the direction of the person or of a court; or
 - (ii) on behalf of the person; or
 - (iii) for the benefit of the person; or
 - (iv) if the person waives or assigns his or her right to the payment.

46ABA Meaning of *gainful work*

- (1) For the purposes of this Division, ***gainful work*** is work for financial gain or reward (other than as an employee), where:
 - (a) the work involves personal exertion on the part of the person concerned; and
 - (b) the work is carried on within or outside Australia.

Disregard managing or administering family financial investments and real property

- (2) Work undertaken by a person is taken not to be ***gainful work*** for the purposes of this Division to the extent to which the work consists of the management or administration of any financial investment, or any real property, in which any of the following has a legal or equitable interest:
 - (a) a member of the person's family group;
 - (b) a company that is a family company in relation to the person;
 - (c) the trustee or trustees of a trust that is a family trust in relation to the person.

Note: For ***financial investment***, see subsection 5J(1).

Disregard domestic duties

- (3) Work undertaken by a person is taken not to be ***gainful work*** for the purposes of this Division if the work consists of carrying out:

Section 46ABA

- (a) domestic tasks; or
- (b) household maintenance tasks; or
- (c) gardening tasks; or
- (d) similar tasks;

in relation to:

- (e) the person's place of residence; or
- (f) if the person has 2 or more places of residence—any of those places of residence.

Definitions

- (4) For the purposes of this section, a ***place of residence*** includes:
 - (a) if the place is a dwelling-house—any land or building that is adjacent to the dwelling-house and that is used primarily for private or domestic purposes in association with that dwelling-house; or
 - (b) if the place is a flat or home unit—a garage or storeroom that is used for private or domestic purposes in association with the flat or home unit.

- (5) In this section:

family company, in relation to a person, means a company where:

- (a) the company is, or its directors are, accustomed or under an obligation, whether formal or informal, to act in accordance with the directions, instructions or wishes of any or all of the members of the person's family group; or
- (b) any or all of the members of the person's family group are in a position to cast, or control the casting of, more than 50% of the maximum number of votes that may be cast at a general meeting of the company; or
- (c) both:
 - (i) the company has one or more shareholders; and
 - (ii) each shareholder is a member of the person's family group.

Section 46AC

family group, in relation to a person, means the group consisting of the person and the family members of the person. If the person has no family members, the person is taken to be a family group in the person's own right.

Note: For *family member*, see subsection 5L(1).

family trust, in relation to a person, means a trust where a member of the person's family group benefits, or is capable (whether by the exercise of a power of appointment or otherwise) of benefiting, under the trust.

46AC Unused concession balance

Initial unused concession balance of nil

- (1) A person has an unused concession balance of nil on the first day that is after 30 June 2011 and is a day on which section 46AA applies to the person.

Maximum unused concession balance

- (2) If, apart from this subsection, the person's unused concession balance would exceed \$7,800, that balance is instead taken to be \$7,800.

Example: John has an unused concession balance of \$7,700. John has \$100 of work bonus income in a pension period.

Instead of John's unused concession balance increasing to \$7,900 under subsection 46AA(4A), John's unused concession balance increases to \$7,800.

Effect of ceasing to receive service pension or income support supplement

- (3) If the person ceases to receive service pension or income support supplement, the person retains the person's unused concession balance immediately before that cessation.

Note: If section 46AA applies to the person again, the person's unused concession balance will be that retained balance.

Section 46ACA

46ACA Temporary increase to unused concession balances

Temporary increase period

- (1) This section applies in relation to a pension period that includes a day during the temporary increase period.
- (2) For the purposes of this section, the *temporary increase period* is the period beginning on the day this section commences and ending on 31 December 2023.

Increase of \$4,000 to existing unused concession balance

- (3) If, immediately before the start of the temporary increase period, a person has an unused concession balance (including a balance of nil or a retained balance under subsection 46AC(3)), the person's unused concession balance is increased by \$4,000 on the first day of the temporary increase period.

Initial unused concession balance of \$4,000

- (4) If, during the temporary increase period, a person would have an unused concession balance of nil on a day because of the operation of subsection 46AC(1) then, despite that subsection, the person has an unused concession balance on that day of \$4,000.
- (5) Subsection (4) cannot apply in relation to a person more than once, or if subsection (3) has already applied in relation to the person.

Increase to maximum unused concession balance

- (6) For the purposes of applying subsection 46AC(2) in relation to a pension period that includes a day during the temporary increase period, the subsection applies as if the reference to \$7,800 were a reference to \$11,800.

Note: During the temporary increase period, disregard the example at the end of subsection 46AC(2).

Section 46AD

Unused concession balance after temporary increase period ends

- (7) If, at the end of a person's pension period that includes the last day of the temporary increase period, the person has an unused concession balance of more than \$7,800, the balance is taken to be \$7,800 immediately after the end of that pension period.
- (8) If, at the end of the temporary increase period, a person has an unused concession balance retained under subsection 46AC(3) of more than \$7,800, the retained balance is taken to be \$7,800 immediately after the end of the temporary increase period.

46AD No double income reductions under sections 46AA and 115G

Scope

- (1) This section applies if, apart from this section:
 - (a) an amount (the **initial amount**) would be an excluded amount under subsection 115G(1) or (2) in respect of a veteran and a pension period; and
 - (b) the veteran's work bonus income (within the meaning of section 46AA) would be reduced by one or more amounts (each of which is a **reduction amount**) under section 46AA in relation to that period.

Income reduction under section 46AA

- (2) If the total of the reduction amounts is more than the initial amount:
 - (a) subsection 115G(1) or (2), as the case may be, does not apply in relation to that veteran and that period; and
 - (b) subsections 46AA(2) to (4A) do apply in relation to that veteran and that period.

Income reduction under section 115G

- (3) If the total of the reduction amounts is less than or equal to the initial amount:

Part IIIB Provisions applying to service pension, income support supplement and veteran payment

Division 1A Work bonus

Section 46AD

- (a) subsections 46AA(2) to (4A) do not apply to reduce the veteran's work bonus income in relation to that period, but they do apply for the purposes of working out any adjustment to the veteran's unused concession balance in relation to that period (as if those reductions had occurred); and
- (b) subsection 115G(1) or (2), as the case may be, does apply in relation to that veteran and that period.

Note: Subsections 115G(1) and (2) are about excluding income amounts for certain veterans.

Example: Jim has \$100 of work bonus income in a pension period. Jim's rate of service pension or income support supplement for that period is greater than nil. Assume Jim also has an amount of \$100 worked out under subsection 115G(1) in relation to that period.

There is no reduction in Jim's work bonus income under section 46AA for that period, but \$100 is excluded under subsection 115G(1).

Under subsection 46AA(4A), Jim's unused concession balance is increased by \$200.

Division 2—Business income

46B Ordinary income from a business—treatment of trading stock

(1) If:

- (a) a person carries on a business; and
- (b) the value of all the trading stock on hand at the end of a tax year is greater than the value of all the trading stock on hand at the beginning of that tax year;

the person's ordinary income for that tax year in the form of profits from the business is to include the amount of the difference in values.

(2) If:

- (a) a person carries on a business; and
- (b) the value of all the trading stock on hand at the end of a tax year is less than the value of all the trading stock on hand at the beginning of that tax year;

the person's ordinary income for that tax year in the form of profits from the business is to be reduced by the amount of the difference in values.

46C Permissible reductions of business income

(1) Subject to subsection (2), if a person carries on a business, the person's ordinary income from the business is to be reduced by:

- (a) losses and outgoings that relate to the business and are allowable deductions for the purposes of section 8-1 of the *Income Tax Assessment Act 1997*; and
- (ba) amounts that relate to the business and can be deducted for the decline in value of depreciating assets under Subdivision 40-B of the *Income Tax Assessment Act 1997*; and

Section 46C

- (c) amounts that relate to the business and are allowable deductions under section 290-60 of the *Income Tax Assessment Act 1997*.
- (2) If, under Division 3, a person is taken to receive ordinary income on a financial investment, that ordinary income is not to be reduced by the amount of any expenses incurred by the person because of that investment.
- Note: For *financial investment* see subsection 5J(1).
- (3) If a person's ordinary income for a period includes rental income from a property that is not business income, the person's ordinary income from that property is to be reduced by losses and outgoings that relate to the property and are allowable deductions for the purposes of section 8-1 of the *Income Tax Assessment Act 1997* for that period.
- (4) If the amount of the allowable deductions relating to a property for a period under section 8-1 of the *Income Tax Assessment Act 1997* exceeds the amount of the rental income from that property for that period, the amount of the ordinary income from the property for that period is taken to be nil.

**Division 3—Income from financial assets (including
income streams (short term) and certain income
streams (long term))**

**46D Deemed income from financial assets—persons other than
members of couples**

- (1) This section applies to a person who is not a member of a couple.
- (2) A person who has financial assets is taken, for the purposes of this Act, to receive ordinary income on those assets in accordance with this section.
- (3) This is how to work out the ordinary income that the person is taken to receive:

Method statement

Step 1. Calculate the total value of the person's financial assets and compare it with the person's deeming threshold.

Note 1: For *financial assets* see subsection 5J(1).

Note 2: For *deeming threshold* see subsection 46H(1).

Step 2. This step applies only if the total value of the person's financial assets is equal to or less than the person's deeming threshold. Multiply the total value of the financial assets by the below threshold rate. The result represents the ordinary income that the person is taken to receive per year on his or her financial assets.

Note: For *below threshold rate* see subsection 46J(1).

Part IIIB Provisions applying to service pension, income support supplement and veteran payment

Division 3 Income from financial assets (including income streams (short term) and certain income streams (long term))

Section 46D

Step 3. This step applies only if the total value of the person's financial assets is higher than the person's deeming threshold. Work out the person's deemed income as follows:

- (a) multiply the deeming threshold by the below threshold rate;
- (b) subtract the deeming threshold from the total value of the person's financial assets;
- (c) multiply the remainder by the above threshold rate;

Note: For *above threshold rate* see subsection 46J(2).

- (d) add up the amounts worked out at paragraph (a) and (c): the result represents the ordinary income that the person is taken to receive per year on his or her financial assets.

Example: How deemed income of a person who is not a member of a couple is worked out per year for the person's financial assets other than financial assets described in subsection (3A) (using rates and deeming thresholds in force on 1 July 2022).

Elaine, a single pensioner, has \$164,000 worth of financial assets, made up of \$150,000 in proceeds from the sale of Elaine's principal home and \$14,000 of other financial assets. Elaine intends to apply \$100,000 of the proceeds of sale to purchase another residence that is to be Elaine's principal home. The below threshold rate is 0.25%. The above threshold rate is 2.25%.

The total value of Elaine's financial assets (\$64,000), disregarding part of the proceeds of sale (\$100,000—see subsection (3A)), is higher than Elaine's deeming threshold (\$56,400—see subsection 46H(1)). So, the deeming threshold is multiplied by the below threshold rate (0.25%):

$$\$56,400 \times \frac{0.25}{100} = \$141$$

Section 46D

Elaine's deeming threshold of \$56,400 is subtracted from the total value of Elaine's financial assets (\$64,000), disregarding part of the proceeds of sale (\$100,000—see subsection (3A)). The remainder is \$7,600.

The amount of \$7,600 is multiplied by the above threshold rate (2.25%):

$$\$7,600 \times \frac{2.25}{100} = \$171$$

The ordinary income that Elaine is taken to receive on Elaine's financial assets, other than financial assets described in subsection (3A), is \$312 per year (\$141 plus \$171).

(3A) However, if subsection 52(2) applies in relation to the person and:

- (a) the person has financial assets that are proceeds:
 - (i) from the sale of the person's principal home; and
 - (ii) described in paragraph 52(2)(a) or (c); and
- (b) the earlier of the times mentioned in that paragraph has not occurred for the person and the proceeds;

then:

- (c) those financial assets are to be disregarded for the purposes of working out the ordinary income the person is taken to receive under subsection (3); and
- (d) the ordinary income the person is taken to receive per year on those financial assets is the amount worked out by multiplying the value of those financial assets by the below threshold rate.

Example: To continue the example in subsection (3), Elaine's financial assets (\$100,000) described in this subsection are multiplied by the below threshold rate (0.25%):

$$\$100,000 \times \frac{0.25}{100} = \$250$$

The ordinary income that Elaine is taken to receive on Elaine's financial assets described in this subsection is \$250 per year.

Part IIIB Provisions applying to service pension, income support supplement and veteran payment

Division 3 Income from financial assets (including income streams (short term) and certain income streams (long term))

Section 46E

- (4) The person is taken, for the purposes of this Act, to receive one fifty-second of the sum of the amount calculated under subsection (3) and the amount (if any) calculated under paragraph (3A)(d) as ordinary income of the person during each week.

46E Deemed income from financial assets—members of a couple

- (1) This section applies to the members of a couple.
- (2) If one or both of the members of a couple have financial assets, the members of the couple are taken, for the purposes of this Act, to receive together ordinary income on those assets in accordance with this section.
- (3) This is how to work out the ordinary income that the couple is taken to receive:

Method statement

Step 1. Calculate the total value of the couple's financial assets and compare it with the couple's deeming threshold.

Note 1: For *financial assets* see subsection 5J(1).

Note 2: For *deeming threshold* see subsection 46H(2).

Step 2. This step applies only if the total value of the couple's financial assets is equal to or less than the couple's deeming threshold. Multiply the total value of the financial assets by the below threshold rate. The result represents the ordinary income that the couple is taken to receive per year on their financial assets.

Note: For *below threshold rate* see subsection 46J(1).

Step 3. This step applies only if the total value of the couple's financial assets is higher than the couple's deeming

Section 46E

threshold. Work out the couple's deemed income as follows:

- (a) multiply the deeming threshold by the below threshold rate;
- (b) subtract the deeming threshold from the total value of the couple's assets;
- (c) multiply the remainder by the above threshold rate;

Note: For *above threshold rate* see subsection 46J(2).

- (d) add up the amounts worked out at paragraph (a) and (c): the result represents the ordinary income that the couple is taken to receive per year on their financial assets.

Example: How deemed income of a couple is worked out per year for the couple's financial assets other than financial assets described in subsection (3A) (using rates and deeming thresholds in force on 1 July 2022).

Maree and Peter, a couple, have \$622,000 worth of financial assets, made up of \$500,000 in proceeds from the sale of the couple's principal home and \$122,000 of other financial assets. Maree and Peter intend to apply the whole of the proceeds of sale to build another residence that is to be the couple's principal home. The below threshold rate is 0.25%. The above threshold rate is 2.25%.

The total value of the couple's financial assets (\$122,000), disregarding the whole of the proceeds of sale (\$500,000—see subsection (3A)), is higher than the couple's deeming threshold (\$93,600—see subsection 46H(2)). So, the deeming threshold is multiplied by the below threshold rate (0.25%):

$$\$93,600 \times \frac{0.25}{100} = \$234$$

The couple's deeming threshold of \$93,600 is subtracted from the total value of the couple's financial assets (\$122,000), disregarding

Part IIIB Provisions applying to service pension, income support supplement and veteran payment

Division 3 Income from financial assets (including income streams (short term) and certain income streams (long term))

Section 46E

the whole of the proceeds of sale (\$500,000—see subsection (3A)).
The remainder is \$28,400.

The amount of \$28,400 is multiplied by the above threshold rate (2.25%):

$$\$28,400 \times \frac{2.25}{100} = \$639$$

The ordinary income that the couple is taken to receive on the couple's financial assets, other than financial assets described in subsection (3A), is \$873 per year (\$234 plus \$639).

(3A) However, if subsection 52(2) applies in relation to a member of the couple and:

- (a) the couple have financial assets that are proceeds:
 - (i) from the sale of the principal home of a member of the couple; and
 - (ii) described in paragraph 52(2)(a) or (c); and
- (b) the earlier of the times mentioned in that paragraph has not occurred for the member of the couple and the proceeds;

then:

- (c) those financial assets are to be disregarded for the purposes of working out the ordinary income the couple is taken to receive under subsection (3); and
- (d) the ordinary income the couple is taken to receive per year on those financial assets is the amount worked out by multiplying the value of those financial assets by the below threshold rate.

Example: To continue the example in subsection (3), Maree and Peter's financial assets (\$500,000) described in this subsection are multiplied by the below threshold rate (0.25%):

$$\$500,000 \times \frac{0.25}{100} = \$1,250$$

Section 46H

The ordinary income that the couple is taken to receive on the couple's financial assets described in this subsection is \$1,250 per year.

- (4) Each member of the couple is taken, for the purposes of this Act, to receive, as ordinary income during each week, an amount calculated according to the formula:

$$\frac{\text{Sum of the amount calculated under subsection (3) and the amount (if any) calculated under paragraph (3A)(d)}}{52} \times 0.5$$

46H Deeming threshold

- (1) The deeming threshold for a person who is not a member of a couple is \$30,000.
- (2) The deeming threshold for a couple is \$50,000.

Note: The amounts fixed by subsections (1) and (2) are indexed every 1 July. See sections 59A to 59C.

46J Below threshold rate, above threshold rate

- (1) For the purposes of this Division, the below threshold rate is the rate that is the below threshold rate for the purposes of Division 1B of Part 3.10 of the Social Security Act.
- (2) For the purposes of this Division, the above threshold rate is the rate that is the above threshold rate for the purposes of Division 1B of Part 3.10 of the Social Security Act.

46K Actual return on financial assets not treated as ordinary income

- (1) Subject to subsection (2), any return on a financial asset that a person actually earns, derives or receives is taken, for the purposes of this Act, not to be ordinary income of the person.
- (2) If, because of:

Part IIIB Provisions applying to service pension, income support supplement and veteran payment

Section 46L

(a) a determination under subsection 46L(1); or

(b) the operation of subsection 46L(1A);

a financial investment is not to be regarded as a financial asset for the purposes of section 46D or 46E, subsection (1) of this section does not apply to any return on the investment that the person actually earns, derives or receives.

46L Certain money and financial investments not taken into account

(1) The Minister may determine that:

(a) specified financial investments; or

(b) a specified class of financial investments;

are not to be regarded as financial assets for the purposes of section 46D or 46E.

(1A) If the Commission makes a determination under section 52Y in relation to a person, any unrealisable asset of the person or the person's partner is not regarded as a financial asset for the purposes of section 46D or 46E.

(3) A determination under subsection (1) must be in writing.

(4) A determination under subsection (1) takes effect on the day on which it is made or on such other day (whether earlier or later) as is specified in the determination.

46M Valuation and revaluation of certain financial investments

The total value of a person's listed securities and managed investments (being listed securities and managed investments that fluctuate depending on the market) (the *relevant investments*) is determined in accordance with the following:

(a) an initial total valuation is to be given to the relevant investments on 1 July 1996, or when a new claim is determined, by the method set out in departmental guidelines;

- (b) that total valuation continues in effect until the relevant investments are revalued by the method set out in departmental guidelines, and that revaluation must occur:
- (i) on 20 March in each calendar year after 1996; and
 - (ii) on 20 September in each calendar year after 1996; and
 - (iii) when the person requests a revaluation of one or more of the person's listed securities and managed investments; and
 - (iv) following an event that affects the relevant investments and is the subject of a recipient notification notice.

Division 4 Income from income streams not covered by Division 3

Section 46SA

Division 4—Income from income streams not covered by Division 3

Subdivision B—Income streams that are not family law affected income streams

46SA Scope of Subdivision

- (1) This Subdivision applies to income streams that are not family law affected income streams.
- (2) However, this Subdivision does not apply to:
 - (a) an asset-tested income stream (long term) that is an account-based pension within the meaning of the *Superannuation Industry (Supervision) Regulations 1994*; or
 - (b) an asset-tested income stream (long term) that is an annuity (within the meaning of the *Superannuation Industry (Supervision) Act 1993*) provided under a contract that meets the requirements determined in an instrument under subsection 5J(1G) of this Act.

Note 1: For treatment of an income stream mentioned in subsection (2), see Division 3.

Note 2: Part 2 of Schedule 11 to the *Social Services and Other Legislation Amendment Act 2014* preserves the rules in this Subdivision for a certain kind of income stream that was being provided to a person immediately before 1 January 2015 where the person was receiving an income support payment immediately before that day provided that, since that day, that income stream has been provided to the person and the person has been continuously receiving an income support payment.

46T Income from asset-test exempt income stream

- (1) For the purpose of working out the annual rate of ordinary income of a person from an asset-test exempt income stream to which this Subdivision applies, the person is taken to receive from that income stream each year the amount worked out under section 46U or 46V.

Section 46U

Note: For *asset-test exempt income stream* see sections 5JA, 5JB and 5JBA.

- (2) Sections 46U and 46V do not apply if:
- (a) the income stream is covered by subsection 5JBA(1); or
 - (b) on the income stream's commencement day, there was a reasonable likelihood that the income stream would have been covered by subsection 5JBA(1), but the income stream is no longer covered by that subsection.

Note: See section 46VA.

46U Income—income stream not a defined benefit income stream

If the asset-test exempt income stream to which this Subdivision applies is not a defined benefit income stream, the amount that the person is taken to receive from the income stream each year is worked out as follows:

$$\text{Annual payment} = \frac{\text{Purchase price}}{\text{Relevant number}}$$

where:

annual payment means the amount payable to the person for the year under the income stream.

purchase price has the meaning given by subsection 5J(1).

relevant number has the meaning given by subsection 5J(1).

Example: Mark is 65 years old and single. He purchases an annuity for \$100,000 with a term based on life expectancy (i.e. 15.41 years, which he chooses to round up to 16 years). The annuity has all the revised characteristics listed in the legislation. His annual payment from the annuity totals \$9,895. Mark's assessable income from this income stream is:

$$\$9,895 - \left(\frac{\$100,000}{16 \text{ years}} \right) = \$3,645$$

Part IIIB Provisions applying to service pension, income support supplement and veteran payment

Division 4 Income from income streams not covered by Division 3

Section 46V

46V Income—income stream is a defined benefit income stream

If the asset-test exempt income stream to which this Subdivision applies is a defined benefit income stream, the amount that the person is taken to receive from the income stream each year is worked out as follows:

Annual payment – Deductible amount

where:

annual payment means the amount payable to the person for the year under the income stream.

deductible amount has the meaning given by subsection 5J(1).

46VA Income from market-linked asset-test exempt income stream

- (1) If either of the following conditions is satisfied in relation to the asset-test exempt income stream to which this Subdivision applies:
 - (a) the income stream is covered by subsection 5JBA(1);
 - (b) on the income stream's commencement day, there was a reasonable likelihood that the income stream would have been covered by subsection 5JBA(1), but the income stream is no longer covered by that subsection;

the annual rate of ordinary income of a person from the income stream is worked out under whichever of subsections (2) and (3) is applicable.

Recipient makes election

- (2) If:
 - (a) the person has elected that a particular amount is to be the payment, or the total of the payments, to be made under the income stream in respect of a period (the *payment period*) that:
 - (i) consists of the whole or a part of a particular financial year; and

Section 46VA

(ii) begins on or after the income stream's commencement day; and

(b) the election is in force on a particular day in the payment period;

the annual rate of ordinary income of the person from the income stream on that day is worked out using the following formula:

$$\left[\frac{\text{Total payments}}{\text{Days in payment period}} - \frac{\text{Purchase price}}{\text{Relevant number} \times 365} \right] \times 365$$

where:

purchase price has the meaning given by subsection 5J(1).

relevant number has the meaning given by subsection 5J(1).

total payments means the payment, or the total of the payments, to be made under the income stream in respect of the payment period.

Recipient does not make election

(3) If the person has not elected that a particular amount is to be the payment, or the total of the payments, to be made under the income stream in respect of a period (the ***payment period***) that:

(a) consists of the whole or a part of a particular financial year; and

(b) begins on or after the income stream's commencement day;

the annual rate of ordinary income of the person from the income stream on each day during the payment period is worked out using the following formula:

$$\left[\frac{\text{Default amount}}{\text{Days in payment period}} - \frac{\text{Purchase price}}{\text{Relevant number} \times 365} \right] \times 365$$

where:

default amount means 100% of the amount worked out for the financial year using the formula in subsection 5JBA(5) (for pro-rating, see subsection (4)).

Section 46W

purchase price has the meaning given by subsection 5J(1).

relevant number has the meaning given by subsection 5J(1).

- (4) If the income stream's commencement day is not a 1 July, the default amount (within the meaning of subsection (3)) for the financial year starting on the preceding 1 July must be reduced on a pro-rata basis by reference to the number of days in the financial year that are on and after the commencement day.

Exception—income stream's commencement day happens in June

- (5) If:
- (a) the income stream's commencement day happens in June; and
 - (b) no payment is made under the income stream for the financial year in which the commencement day happens;
- subsections (2), (3) and (4) do not apply in working out the annual rate of ordinary income of the person from the income stream on a day in that financial year.

46W Income from asset-tested income stream (long term)

- (1) For the purpose of working out the annual rate of ordinary income of a person from an asset-tested income stream (long term) to which this Subdivision applies, the person is taken to receive from that income stream each year the amount worked out under section 46X or 46Y.
- (2) Sections 46X and 46Y do not apply to an income stream if section 46YA applies to the income stream.

46X Income—asset-tested income stream (long term) that is not a defined benefit income stream

If the asset-tested income stream (long term) to which this Subdivision applies is not a defined benefit income stream, the

Section 46Y

amount that the person is taken to receive from the income stream each year is worked out as follows:

$$\text{Annual payment} - \left(\frac{\text{Purchase price} - \text{Residual capital value}}{\text{Relevant number}} \right)$$

where:

annual payment means the amount payable to the person for the year under the income stream.

purchase price has the meaning given by subsection 5J(1).

relevant number has the meaning given by subsection 5J(1).

residual capital value has the meaning given by subsection 5J(1).

Note: For treatment of asset-tested income streams (short term) see Division 3 of Part IIIB.

Example: Sally is 65 years old and single. She purchases a 10 year annuity for \$150,000, with a residual capital value of \$20,000. Her total annual annuity payment is \$18,337. Sally's assessable income from her 10 year annuity is:

$$\$18,337 - \frac{\$150,000 - \$20,000}{10} = \$5,337$$

46Y Income—asset-tested income stream (long term) that is a defined benefit income stream

If the asset-tested income stream (long term) to which this Subdivision applies is a defined benefit income stream, the amount that the person is taken to receive from the income stream each year is worked out as follows:

Annual payment – Deductible amount

where:

annual payment means the amount payable to the person for the year under the income stream.

Section 46YA

deductible amount has the meaning given by subsection 5J(1).

46YA Income from certain low-payment asset-tested income streams

- (1) If:
- (a) an income stream is an asset-tested income stream (long term) to which this Subdivision applies; and
 - (b) the income stream is an allocated pension within the meaning of the *Superannuation Industry (Supervision) Regulations 1994*; and
 - (c) one or more payments have been, or are to be, made under the income stream in respect of a period (the *payment period*) that:
 - (i) consists of the whole or a part of a financial year; and
 - (ii) begins on or after the income stream's commencement day; and
 - (d) on a day in the payment period, the amount worked out using the formula in subsection (2) is less than the amount worked out using the formula in subsection (3);
- the annual rate of ordinary income of a person from the income stream on that day is worked out under subsection (3).

Annual rate based on total payments

- (2) For the purposes of paragraph (1)(d), the formula in this subsection is:

$$\left[\frac{\text{Total payments}}{\text{Days in payment period}} - \frac{\text{Purchase price}}{\text{Relevant number} \times 365} \right] \times 365$$

where:

purchase price has the meaning given by subsection 5J(1).

relevant number has the meaning given by subsection 5J(1).

total payments means the payment, or the total of the payments, made, or to be made, under the income stream in respect of the payment period.

Annual rate based on minimum amount

- (3) For the purposes of paragraph (1)(d), the formula in this subsection is:

$$\left(\frac{\text{Minimum amount}}{\text{Days in payment period}} - \frac{\text{Purchase price}}{\text{Relevant number} \times 365} \right) \times 365$$

where:

minimum amount means the minimum amount calculated in accordance with the method determined, by legislative instrument, by the Minister for the purposes of this definition.

purchase price has the meaning given by subsection 5J(1).

relevant number has the meaning given by subsection 5J(1).

Exception—income stream's commencement day happens in June

- (4) If:
- (a) the income stream's commencement day happens in June;
and
 - (b) no payment is made under the income stream for the financial year in which the commencement day happens;
- subsections (2) and (3) do not apply in working out the annual rate of ordinary income of the person from the income stream on a day in that financial year.

46YB Income—asset-tested income stream (lifetime)

If the income stream is an asset-tested income stream (lifetime), the amount that the person is taken to receive from the income stream each year is worked out as follows:

Part IIIB Provisions applying to service pension, income support supplement and veteran payment

Section 46Z

Annual payment \times 0.6

where:

annual payment means the amount payable to the person for the year under the income stream.

Subdivision C—Family law affected income streams

46Z Scope of Subdivision

- (1) This Subdivision applies to family law affected income streams.
- (2) However, this Subdivision does not apply to:
 - (a) an asset-tested income stream (long term) that is an account-based pension within the meaning of the *Superannuation Industry (Supervision) Regulations 1994*; or
 - (b) an asset-tested income stream (long term) that is an annuity (within the meaning of the *Superannuation Industry (Supervision) Act 1993*) provided under a contract that meets the requirements determined in an instrument under subsection 5J(1G) of this Act.

Note 1: For treatment of an income stream mentioned in subsection (2), see Division 3.

Note 2: Part 2 of Schedule 11 to the *Social Services and Other Legislation Amendment Act 2014* preserves the rules in this Subdivision for a certain kind of income stream that was being provided to a person immediately before 1 January 2015 where the person was receiving an income support payment immediately before that day provided that, since that day, that income stream has been provided to the person and the person has been continuously receiving an income support payment.

46ZA Income from asset-test exempt income streams

- (1) For the purpose of working out the annual rate of ordinary income of a person from an asset-test exempt income stream to which this Subdivision applies, the person is taken to receive from that income stream each year:

Section 46ZB

- (a) if the income stream is not a defined benefit income stream—the amount determined by the Commission under this paragraph; or
 - (b) if the income stream is a defined benefit income stream—the amount determined by the Commission under this paragraph.
- (2) In making a determination under paragraph (1)(a) or (b), the Commission must comply with any relevant decision-making principles in force under section 46ZC.

46ZB Income from asset-tested income stream (long term)

- (1) For the purpose of working out the annual rate of ordinary income of a person from an asset-tested income stream (long term) to which this Subdivision applies, the person is taken to receive from that income stream each year:
- (a) if the income stream is not a defined benefit income stream—the amount determined by the Commission under this paragraph; or
 - (b) if the income stream is a defined benefit income stream—the amount determined by the Commission under this paragraph.
- (2) In making a determination under paragraph (1)(a) or (b), the Commission must comply with any relevant decision-making principles in force under section 46ZC.

46ZBA Income from asset-tested income stream (lifetime)

- (1) For the purpose of working out the annual rate of ordinary income of a person from an asset-tested income stream (lifetime) to which this Subdivision applies, the person is taken to receive from that income stream each year the amount determined by the Commission under this subsection.
- (2) In making a determination under subsection (1), the Commission must comply with any relevant decision-making principles in force under section 46ZC.

Part IIIB Provisions applying to service pension, income support supplement and veteran payment

Division 4 Income from income streams not covered by Division 3

Section 46ZC

46ZC Decision-making principles

The Commission may, by legislative instrument, formulate principles (*decision-making principles*) to be complied with by it in making decisions under:

- (a) paragraph 46ZA(1)(a); or
- (b) paragraph 46ZA(1)(b); or
- (c) paragraph 46ZB(1)(a); or
- (d) paragraph 46ZB(1)(b); or
- (e) subsection 46ZBA(1).

Division 6—Income tests—conversion of foreign currency amounts

47 Application of Division

- (1) The Commission may determine in writing that this Division applies in relation to a foreign currency.
- (2) This Division applies in relation to a foreign currency in relation to which a determination under subsection (1) is in force.
- (3) This Division applies for the purposes of the Rate Calculator.

47A Conversion of foreign currency amounts

The value in Australian currency of a payment received by a person in foreign currency is to be worked out using:

- (a) if section 47C applies—the re-assessed exchange rate; or
- (b) in any other case—the base exchange rate (see section 47B).

47B Base exchange rate

The base exchange rate for a foreign currency for a foreign exchange period is the average (calculated to 4 decimal places) of the actual market exchange rates available on each working day of the first month of the year to start during the immediately preceding foreign exchange period.

47C Re-assessed exchange rate

- (1) If for 10 consecutive working days:
 - (a) starting after a month of the year in relation to which section 47B operates; and
 - (b) ending before the next month of the year in relation to which section 47B operates;the actual market exchange rate available differs, by at least 10%, from:

Section 47D

- (c) unless paragraph (d) applies—the base exchange rate for the next foreign exchange period; or
 - (d) if a re-assessed exchange rate has already been worked out under this subsection for the purposes of the next foreign exchange period—the last re-assessed exchange rate so worked out;
- the re-assessed exchange rate for a foreign currency is the average (calculated to 4 decimal places) of the actual market exchange rates available on those consecutive working days.
- (2) Subsection (1) does not apply to a working day if the actual market exchange rate available on that day has been used to work out a re-assessed exchange rate in a previous application of that subsection.

47D Applicability of re-assessed exchange rate

- (1) The Commission must determine in writing the day on which a re-assessed exchange rate becomes applicable.
- (2) The day determined under subsection (1) is to be no later than 6 weeks after the tenth consecutive working day covered by subsection 47C(1).
- (3) A re-assessed exchange rate:
 - (a) becomes applicable on the day determined under subsection (1), unless a new re-assessed exchange rate has already become applicable; and
 - (b) remains applicable until:
 - (i) a new re-assessed exchange rate becomes applicable; or
 - (ii) the commencement of the next exchange period the base exchange rate for which has been worked out by reference to working days later than those by reference to which the re-assessed exchange rate was worked out.

47E Rounding off exchange rates

If an exchange rate worked out under this Division would, if it were calculated to 5 decimal places, end in a number greater than 4, the rate worked out is to be taken to be the rate calculated to 4 decimal places and increased by 0.0001.

Section 48

Division 7—Income tests—disposal of ordinary income

48 Disposal of ordinary income

- (1) For the purposes of this Act, a person *disposes of ordinary income* of the person if the person engages in a course of conduct that diminishes, directly or indirectly, the rate of the person's ordinary income and either:
- (a) the person receives no consideration in money or money's worth for the diminution; or
 - (b) the person receives inadequate consideration in money or money's worth for the diminution; or
 - (c) the Commission is satisfied that the purpose, or the dominant purpose, of the person in engaging in that course of conduct was:
 - (i) to obtain or enable the person's partner to obtain a service pension, income support supplement, a veteran payment or a social security pension or benefit; or
 - (ii) to obtain or enable the person's partner to obtain a service pension, income support supplement, a veteran payment or a social security pension or benefit at a higher rate than that which would otherwise have been payable; or
 - (iii) to ensure that the person or the person's partner would be eligible for benefits under Division 12 of this Part or fringe benefits under the Social Security Act.

- (2) Subsection (1) does not apply to a course of conduct consisting of the provision of short-term or long-term residential accommodation to a family member of the person for no payment or payment less than the market value of the provision of the accommodation.

Note: For *family member* see subsection 5L(1).

48A Amount of disposition

If a person disposes of ordinary income, the *amount of the disposition* is the amount that, in the Commission's opinion, is:

- (b) if the person receives consideration for the diminution in the rate of the person's ordinary income—the annual rate of the diminution less the part (if any) of the consideration that the Commission determines, in writing, to be fair and reasonable in all the circumstances of the case.

48B Disposal of ordinary income—not a member of a couple

If a person who is not a member of a couple has, on or after 1 June 1984, disposed of ordinary income of the person, the amount of that disposition is to be included in the person's ordinary income for the purposes of this Act.

any amount that was included in the ordinary income of the person's former partner because of the disposition is to be included in the person's ordinary income.

(3) If:

- (a) amounts are included under subsection (1) in the ordinary income of a person who is a member of a couple and in the person's partner's ordinary income because the person has disposed of ordinary income; and

any amount that would, if the person's partner had not died, be included in the ordinary income of the person's partner because of the disposition is to be included in the person's ordinary income.

Note: For *ordinary income* see subsection 5H(1): *ordinary income* includes investment income but does not include maintenance income.

48E Dispositions more than 5 years old to be disregarded

became eligible to receive a service pension, income support supplement or a veteran payment; or
- (b) less than 5 years before the time referred to in paragraph (a) and before the time when the Commission is satisfied that the person who disposed of the ordinary income could reasonably have expected that the person or the person's partner would become eligible to receive a service pension, income support supplement or a veteran payment.

- (4) This section has effect subject to sections 52KA to 52X (special residences).

Note: The total value of the person's assets may be reduced in some circumstances if the person has an exempt bond amount (see clause 15 of Schedule 5) or a refunded amount (see clause 17D of Schedule 5).

52A Value of asset-tested income streams that are not defined benefit income streams, asset-tested income streams (lifetime) or family law affected income streams

- (1) This section applies to a person's asset-tested income stream if it is not a defined benefit income stream, it is not an asset-tested income stream (lifetime) and it is not a family law affected income stream.

Note: For *defined benefit income streams*, see section 52B. For *asset-tested income streams (lifetime)*, see sections 52BAA and 52BAB. For *family law affected income streams*, see section 52BA.

- (2) The value of the income stream is, for the purposes of the assets test, worked out:
 - (a) if the person receives payments from the income stream 2 or more times a year—in relation to each 6 month period of the income stream's term; and
 - (b) if the person receives a payment from the income stream only once a year—in relation to each 12 month period of the income stream's term.
- (3) If the income stream has an account balance, the value of the income stream, for the purposes of the assets test, is the value of the account balance at the beginning of the 6 month or 12 month period (as the case requires) referred to in subsection (2).
- (4) If the income stream does not have an account balance, the value of the income stream is, for the purposes of the assets test, worked out as follows:

$$\text{Purchase price} - \left[\left(\frac{\text{Purchase price} - \text{Residual capital value}}{\text{Relevant number}} \right) \times \text{Term elapsed} \right]$$

where:

purchase price has the meaning given by subsection 5J(1).

relevant number has the meaning given by subsection 5J(1).

residual capital value has the meaning given by subsection 5J(1).

term elapsed is the number of years of the term that have elapsed since the commencement day of the income stream, rounded down:

- (a) in the case of an income stream referred to in paragraph (2)(a)—to the nearest half-year; and
- (b) in the case of an income stream referred to in paragraph (2)(b)—to the nearest whole year.

Example: Sally is 65 years old and single. She purchases a 10 year annuity for \$150,000 with a residual capital value of \$20,000. Her total annual annuity payment is \$18,337. Monthly payments commence on 1 January. Her assessable asset for the first six months will be:

$$\$150,000 - \left[\left(\frac{\$150,000 - \$20,000}{10 \text{ years}} \right) \times 0 \text{ year} \right] = \$150,000$$

Her assessable asset after 30 June in that year will be:

$$\$150,000 - \left[\left(\frac{\$150,000 - \$20,000}{10 \text{ years}} \right) \times 0.5 \text{ year} \right] = \$143,500$$

52B Value of asset-tested income streams that are defined benefit income streams

- (1) This section applies to a person's asset-tested income stream if it is a defined benefit income stream and it is not a family law affected income stream.

Note: For *family law affected income streams*, see section 52BA.

- (2) The value of the income stream is, for the purposes of the assets test, worked out in relation to each 12 month period of the income stream's term.

Part IIIB Provisions applying to service pension, income support supplement and veteran payment

Division 11 General provisions relating to the assets test

Section 52BAA

- (3) The value of the income stream is, for the purposes of the assets test, worked out as follows:

Annual payment × Pension valuation factor

where:

annual payment means the amount payable to the person for the relevant 12 month period under the income stream.

pension valuation factor means the pension valuation factor that applies to the person in accordance with the determination made by the Minister under subsection (4).

- (4) The Minister must, by legislative instrument, make a determination for the purposes of the definition of **pension valuation factor** in subsection (3).

52BAA Value of asset-tested income streams (lifetime) that are managed investments

- (1) This section applies to a person's asset-tested income stream (lifetime), that does not arise under arrangements that are regulated by the *Superannuation Industry (Supervision) Act 1993*, in relation to a day that is before the person's assessment day (within the meaning of section 52BAB) for the income stream.

Note: For **asset-tested income stream (lifetime)**, see subsection 5J(1).

- (2) However, this section does not apply to a family law affected income stream.

Note: For **family law affected income streams**, see section 52BA.

Value of income stream

- (3) Subject to this section, the value of the person's income stream is, for the purposes of the assets test, the purchase amount for the income stream.

Purchase amount

- (4) For the purposes of this section, the *purchase amount* for the income stream is:

 - (b) if the circumstances determined in an instrument under subsection (7) apply in relation to the income stream—the amount worked out in accordance with that instrument.
- (5) A *compounded amount* in relation to an amount paid for the income stream is worked out by applying the following formula for each relevant adjustment day (from the earliest to the latest):

$$\text{Compounded amount for the relevant adjustment day} \times \left(1 + \frac{\text{Relevant above threshold rate for the relevant adjustment day}}{\text{the relevant adjustment day}} \right)$$

where:

compounded amount for the relevant adjustment day means:

- (a) for the earliest relevant adjustment day—the amount that was paid for the income stream; or
- (b) for each later relevant adjustment day—the result of applying the formula for the most recent earlier relevant adjustment day.

relevant above threshold rate for the relevant adjustment day means the following:

- (a) if the relevant adjustment day is the relevant payment day—zero;
- (b) if the relevant adjustment day is a 12-month anniversary of the relevant payment day—the rate applicable under subsection 46J(2) for that relevant adjustment day, expressed as a decimal fraction.

relevant adjustment day means each of the following:

Part IIIB Provisions applying to service pension, income support supplement and veteran payment

Division 11 General provisions relating to the assets test

Section 52BAB

- (a) the relevant payment day;
- (b) each 12-month anniversary of the relevant payment day.

relevant payment day means the day that the amount was paid for the income stream.

- (6) If the income stream is a joint income stream, then, for the purposes of applying subsections (4) and (5) to the person and to a day covered by subsection (1), an amount paid for the income stream is taken to be that amount multiplied by the proportion of the income stream attributable to the person on that day.
- (7) The Commission may make a legislative instrument for the purposes of paragraph (4)(b).

52BAB Value of asset-tested income streams (lifetime) that are not managed investments

- (1) This section applies to a person's asset-tested income stream (lifetime) in relation to a day that is on or after the person's assessment day for the income stream.

Note 1: For **asset-tested income stream (lifetime)**, see subsection 5J(1). For **assessment day**, see subsections (6) and (7) of this section.

Note 2: This section applies separately in relation to each asset-tested income stream (lifetime) of a person.

- (2) However, this section does not apply to a family law affected income stream.

Note: For **family law affected income streams**, see section 52BA.

Value of income stream

- (3) Subject to this section, the value of the person's income stream is, for the purposes of the assets test, worked out as follows:
 - (a) for a day in the period beginning on the person's assessment day for the income stream and ending at the end of the person's threshold day for the income stream:

Section 52BAB

Purchase amount \times 0.6

- (b) for a day after the person's threshold day for the income stream:

Purchase amount \times 0.3

Note: For *threshold day*, see subsections (10) and (11). For *purchase amount*, see subsection (13).

- (4) The Commission may, by legislative instrument, determine one or more methods for working out the value of an asset-tested income stream (lifetime) for persons to whom this section applies.
- (5) If one or more amounts worked out in accordance with the instrument are higher than the amount under subsection (3), then the value of the person's income stream is, for the purposes of the assets test, the highest of those amounts.

Assessment day

- (6) Subject to subsection (7), for the purposes of this section, a person's *assessment day* for an asset-tested income stream (lifetime) is:
- (a) if the income stream arises under arrangements that are regulated by the *Superannuation Industry (Supervision) Act 1993*—the latest of the following:
- (i) the day the person first satisfies a condition of release that is mentioned in regulations under the *Superannuation Industry (Supervision) Act 1993* and is of a kind determined in an instrument under subsection (9);
 - (ii) the day the first amount was paid for the income stream;
 - (iii) the day the person acquired the income stream (if no amount is identifiable as having been paid for the income stream); or
- (b) otherwise:
- (i) if the commencement day in relation to the income stream is before the day the person reaches pension

Section 52BAB

age—the commencement day in relation to the income stream; or

- (ii) in any other case—the latest of the day the first amount was paid for the income stream, the day the person reaches pension age and the day the person acquired the income stream (if no amount is identifiable as having been paid for the income stream).

Note: For *commencement day*, see subsection 5J(1). For *pension age*, see section 5Q.

- (7) For the purposes of this section, a person's *assessment day* for an asset-tested income stream (lifetime) that reverted to the person as a reversionary beneficiary is:
 - (a) if the income stream reverted to the person on or after the commencement day in relation to the income stream—the day of the reversion; or
 - (b) if the income stream reverted to the person before the commencement day in relation to the income stream and the income stream arises under arrangements that are regulated by the *Superannuation Industry (Supervision) Act 1993*:
 - (i) if the commencement day in relation to the income stream is before the day the person first satisfies a condition of release that is mentioned in regulations under the *Superannuation Industry (Supervision) Act 1993* and is of a kind determined in an instrument under subsection (9)—the commencement day in relation to the income stream; or
 - (ii) in any other case—the later of the day of the reversion and the day the person first satisfies a condition of release that is mentioned in regulations under the *Superannuation Industry (Supervision) Act 1993* and is of a kind determined in an instrument under subsection (9); or
 - (c) if the income stream reverted to the person before the commencement day in relation to the income stream and the income stream does not arise under arrangements that are

Section 52BAB

regulated by the *Superannuation Industry (Supervision) Act 1993*:

- (i) if the commencement day in relation to the income stream is before the day the person reaches pension age—the commencement day in relation to the income stream; or
- (ii) in any other case—the later of the day of the reversion and the day the person reaches pension age.

Note: For **commencement day**, see subsection 5J(1). For **pension age**, see section 5Q.

- (8) For the purposes of the application of subsection (6) or (7) in relation to income support supplement, the references in that subsection to pension age are taken to be references to qualifying age.

Note: For **qualifying age**, see section 5Q.

- (9) The Commission may, by notifiable instrument, determine a kind of condition of release for the purposes of subparagraphs (6)(a)(i) and (7)(b)(i) and (ii).

Threshold day

- (10) Subject to subsection (11), for the purposes of this section, a person's **threshold day** for an asset-tested income stream (lifetime) is worked out using the following method statement:

Method statement

- Step 1. Work out, in relation to a man aged 65 on the person's assessment day for the income stream, the number of expected years remaining in the man's life, by reference to the instrument in force under subsection (12) on that assessment day, rounded down to the nearest whole number of years.

Note: The number of expected years remaining in a 65-year old man's life is used no matter how old the person is and whether the person is a man or a woman.

Section 52BAB

- | |
|--|
| <p>Step 2. Increase the number of years at step 1 by 65.</p> <p>Step 3. Subject to step 4, the person's <i>threshold day</i> for the income stream is the later of the following days:</p> <ul style="list-style-type: none">(a) the day before the person reaches the age in years worked out at step 2;(b) the last day of the 5-year period beginning on the person's assessment day for the income stream. <p>Step 4. (11) If:

- (a) an asset-tested income stream (lifetime) reverts to a person as a reversionary beneficiary on the death of another person; and
- (b) before the death of the other person, the other person's assessment day for the income stream had occurred;

then:

- (c) if, before the death of the other person, the other person's threshold day for the income stream had not occurred—the reversionary beneficiary's *threshold day* for the income stream is taken to be the day that would have been the other person's threshold day if the other person had not died; and
- (d) if, before the death of the other person, the other person's threshold day for the income stream had occurred—the

Section 52BAB

- reversionary beneficiary's **threshold day** for the income stream is taken to be the other person's threshold day; and
- (e) if the reversionary beneficiary's assessment day for the income stream worked out under subsection (7) is on or after the reversionary beneficiary's threshold day for the income stream worked out under paragraph (c) or (d) of this subsection:
- (i) paragraph (3)(a) is taken not to apply to the reversionary beneficiary and the income stream; and
 - (ii) paragraph (3)(b) is taken to apply to the reversionary beneficiary and the income stream for a day that is on or after the reversionary beneficiary's assessment day for the income stream.
- (12) The Commission may make a notifiable instrument for the purposes of step 1 of the method statement in subsection (10). If there are Life Tables published by the Australian Government Actuary, the Commission must be satisfied that the instrument is consistent with the latest of those Life Tables.

Purchase amount

- (13) For the purposes of this section, the **purchase amount** for the income stream is:
- (a) subject to paragraph (b)—if one or more amounts have been paid for the income stream—the sum of:
 - (i) each compounded amount in relation to an amount paid for the income stream before the person's assessment day for the income stream, as worked out under subsection (14); and
 - (ii) each amount paid for the income stream on or after that assessment day;less any commuted amounts; or
 - (b) if the circumstances determined in an instrument under subsection (16) apply in relation to the income stream—the amount worked out in accordance with that instrument.

Section 52BAB

- (14) A **compounded amount** in relation to an amount paid for the income stream before the person's assessment day for the income stream is worked out by applying the following formula for each relevant adjustment day (from the earliest to the latest):

$$\text{Compounded amount for the relevant adjustment day} \times \left(1 + \frac{\text{Relevant above threshold rate for the relevant adjustment day}}{\text{the relevant adjustment day}} \right)$$

where:

compounded amount for the relevant adjustment day means:

- (a) for the earliest relevant adjustment day—the amount that was paid for the income stream; or
- (b) for each later relevant adjustment day—the result of applying the formula for the most recent earlier relevant adjustment day.

relevant above threshold rate for the relevant adjustment day means:

- (a) if the relevant adjustment day is a 12-month anniversary of the relevant payment day—the rate applicable under subsection 46J(2) for that relevant adjustment day, expressed as a decimal fraction; or
- (b) if the relevant adjustment day is the assessment day—the amount worked out in accordance with the following formula:

$$\frac{\text{The rate applicable under subsection 46J(2) for that day, expressed as a decimal fraction}}{\text{expressed as a decimal fraction}} \times \frac{\text{Relevant number of days}}{365}$$

relevant adjustment day means each of the following:

- (a) each 12-month anniversary of the relevant payment day that happens before the person's assessment day;
- (b) the person's assessment day.

Note: For **assessment day**, see subsections (6) and (7).

relevant number of days means the number of days in the period:

Section 52BA

- (a) beginning on the day after:
 - (i) if the assessment day is at least 12 months after the relevant payment day—the most recent 12-month anniversary of the relevant payment day; or
 - (ii) otherwise—the relevant payment day; and
- (b) ending at the end of the assessment day.

relevant payment day means the day that the amount was paid for the income stream.

- (15) If the income stream is a joint income stream, then, for the purposes of applying subsections (13) and (14) to the person and to a day covered by subsection (1), an amount paid for the income stream is taken to be that amount multiplied by the proportion of the income stream attributable to the person on that day.
- (16) The Commission may make a legislative instrument for the purposes of paragraph (13)(b).

52BA Value of asset-tested FLA income streams

- (1) This section applies to family law affected income streams.
- (2) The value of an income stream that is not a defined benefit income stream is, for the purposes of the assets test, determined by the Commission.
- (3) The value of an income stream that is a defined benefit income stream is, for the purposes of the assets test, determined by the Commission.
- (4) In making a determination under subsection (2) or (3), the Commission must comply with any relevant decision-making principles in force under subsection (5).
- (5) The Commission may, by legislative instrument, formulate principles (*decision-making principles*) to be complied with by it in making decisions under:
 - (a) subsection (2); or

Section 52BB

(b) subsection (3).

52BB Value of partially asset-test exempt income streams

- (1) This section applies to income streams covered by paragraph 52(1)(daa).
- (2) The value of such an income stream is, for the purposes of paragraph 52(1)(daa), worked out as follows:
 - (a) if the income stream is a family law affected income stream—under section 52BA;
 - (b) otherwise—under section 52A;as if the income stream were an asset-tested income stream to which that section applied.

52BC Value of superannuation reserves for superannuation funds of 4 members or less

- (1) This section applies in calculating the value of a person's investment in a superannuation fund if:
 - (a) the fund has 4 or fewer members; and
 - (b) the fund has reserves (within the meaning of section 115 of the *Superannuation Industry (Supervision) Act 1993*).

Note: The value of a person's investment in a superannuation fund is only included in the value of the person's assets after the person reaches pension age or starts to receive a pension or annuity out of the fund (see paragraph 52(1)(f)).

- (2) Despite paragraph 52(1)(g), the value of the person's investment in the superannuation fund includes the following amount:

$$\frac{\text{Person's interest in the fund}}{\text{Total interest in the fund}} \times \text{Value of the fund's reserves}$$

Section 52C

- (3) However, if it is not possible to work out the person's interest in the superannuation fund, the value of the person's investment in the fund includes the following amount:

$$\frac{\text{Value of the fund's reserves}}{\text{Number of members in the fund}}$$

52C Effect of charge or encumbrance on value of assets

- (1) Where there is a charge or encumbrance over particular assets of the person, the value of the assets, for the purposes of calculating the value of the person's assets for the purposes of this Act (other than Division 3 and sections 52G, 52H, 52JA, 52JB, 52JC and 52JD), is to be reduced by the value of that charge or encumbrance.

Note: This section does not apply to an asset to which section 52CA (primary production assets) applies.

- (1A) Subsection (1) does not apply to a charge that arises under section 52ZF.

Note: See subsection (5) for a charge that arises under section 52ZF.

- (2) Subsection (1) does not apply to a charge or encumbrance over an asset of a person to the extent that:
- (a) the charge or encumbrance is a collateral security; or
 - (b) the charge or encumbrance was given for the benefit of a person other than the person or the person's partner.
- (3) Subsection (1) does not apply to a charge or encumbrance over assets that are to be disregarded under section 52.

Exception for an asset-tested income stream (long-term)

- (3A) Subsection (1) does not apply to an asset that is an asset-tested income stream (long-term).
- (3B) Subsection (1) does not apply to an asset that is a partially asset-test exempt income stream (within the meaning of section 52).

Part IIIB Provisions applying to service pension, income support supplement and veteran payment

Division 11 General provisions relating to the assets test

Section 52C

(3C) Subsection (1) does not apply to an asset that is an asset-tested income stream (lifetime).

(4) Where:

- (a) there is a charge or encumbrance over assets; and
- (b) the charge does not arise under section 52ZF; and
- (c) the assets consist of assets whose value is to be disregarded under section 52 and other assets;

the amount to be deducted under subsection (1) is:

$$\frac{\text{Value of the charge or encumbrance} \times \text{Value of the other assets}}{\text{Value of all the assets}}$$

(5) If:

- (a) a person is or was participating in the pension loans scheme; and
- (b) either:
 - (i) the person's real assets are subject to a charge under section 52ZF; or
 - (ii) if the person is a member of a couple—the couple's real assets are subject to a charge under section 52ZF;

then the value of those real assets, for the purposes of calculating the value of the person's assets for the purposes of this Act (other than Division 3 and sections 52G, 52H, 52JA, 52JB, 52JC and 52JD), is to be reduced by the amount of the debt owed by the person under section 52ZC because of that participation.

Note: If there are other charges or encumbrances over any of those real assets, there may be a further reduction under subsection (1) in the value of those assets.

(6) This section has effect subject to sections 52KA to 52X (special residences).

**52CA Effect of certain liabilities on value of assets used in primary
production**

- (1) For the purposes of working out the value of a person's assets under this Act, if:
- (a) the person is:
 - (i) a primary producer; or
 - (ii) a family member of a primary producer; and
 - (b) the person has assets (including real property) that are, in the Commission's opinion, used for the purposes of carrying on that primary production; and
 - (c) the person also has liabilities that are, in the Commission's opinion, related to the carrying on of the primary production;
- then:
- (d) section 52C does not apply in relation to the assets referred to in paragraph (b); and
 - (e) those assets are taken to be a single asset (the ***primary production asset***); and
 - (f) the value of that single asset is worked out under subsection (2).

Note: For ***family member*** see subsection 5L(1).

- (2) The value of a person's primary production asset is worked out in the following way:

Method statement

- Step 1. Add together the value of the assets referred to in paragraph (1)(b): the result is called the ***unencumbered value***.
- Step 2. Add together the value of the liabilities referred to in paragraph (1)(c): the result is called the ***total liability***.

Part IIIB Provisions applying to service pension, income support supplement and veteran payment

Division 11 General provisions relating to the assets test

Section 52CB

Step 3. Take the total liability away from the unencumbered value: the result is the value of the person's primary production asset.

- (3) If the result under Step 3 of the Method statement is less than nil, the value of the primary production asset is taken to be nil.

52CB Value of life policy

- (1) This section applies in relation to a person and a day (the *assessment day*) if:
- (a) the person has reached:
 - (i) pension age; or
 - (ii) in relation to income support supplement—qualifying age; and
 - (b) the person is the owner (within the meaning of subsection 10(2) of the *Life Insurance Act 1995*) of a life policy covered by paragraph 9(1)(a) or (b) of that Act; and
 - (c) the person became the owner of the policy after the person reached that age; and
 - (d) the sum of each amount paid for the policy (regardless of who paid the amount) in any period of 12 months exceeds 15% of the maximum death benefit that would be payable in the event of the death of the person whose life is insured on the assessment day.

Note: For *pension age* and *qualifying age*, see section 5Q.

- (2) The value of the life policy on the assessment day is, for the purposes of the assets test, the higher of the following:
- (a) the amount that would be payable to the person covered by paragraph (1)(b) if the policy were surrendered on that day;
 - (b) the sum of each amount paid for the policy by the person covered by paragraph (1)(b), less any commuted amounts.

52D Loans

If a person lends an amount after 22 May 1986, the value of the assets of the person for the purposes of this Act includes so much of that amount as remains unpaid but does not include any amount payable by way of interest under the loan.

Subdivision B—Dispositions of assets (general provisions)

52E Disposal of assets

For the purposes of this Act, a person *disposes of assets* of the person if the person engages in a course of conduct that diminishes, directly or indirectly, the value of the person's assets and:

- (a) the person receives no consideration in money or money's worth for the diminution in the value of the person's assets; or
- (b) the person receives inadequate consideration in money or money's worth for the diminution in the value of the person's assets; or
- (c) the Commission is satisfied that the purpose, or the dominant purpose, of the person in engaging in that course of conduct was:
 - (i) to obtain or enable the person's partner to obtain a service pension, income support supplement, a veteran payment or a social security pension or benefit; or
 - (ii) to obtain or enable the person's partner to obtain a service pension, income support supplement, a veteran payment or a social security pension or benefit at a higher rate than that which would otherwise have been payable; or
 - (iii) to ensure that the person or the person's partner would be eligible for benefits under Division 12 of this Part or fringe benefits under the Social Security Act.

Note: Under Subdivision B of Division 11A of Part IIIB, certain transfers of assets to special disability trusts can be taken not to be disposals of the

Section 52F

assets (but this can be subject to a limit on the aggregate value of the transfers).

52F Amount of disposition

Where a person disposes of assets, the *amount of the disposition* is:

- (a) if the person receives no consideration for the diminution in the value of the assets—an amount equal to the amount of the diminution in the value of the assets; or
- (b) if the person receives consideration for the diminution in the value of the assets—an amount equal to the amount of the diminution in the value of the assets less the amount of the consideration received by the person in respect of the diminution.

Note: If subsection 52ZZZWM(2) applies in relation to the transfer of an asset to a special disability trust, that subsection has the effect of reducing the amount of the disposal or disposition.

52FAAA Application of asset deprivation rules to cease in respect of certain assets

If:

- (a) a person, or a person's partner, has:
 - (i) acquired an asset; or
 - (ii) received consideration that is not inadequate consideration for an asset; and
- (b) the value of the asset is included in the value of the person's assets by Subdivision BA or BB because of a previous disposition of the asset; and
- (c) the person has, by document lodged at an office of the Department in Australia in accordance with section 5T, notified the Department of the circumstances covered by paragraphs (a) and (b);

whichever of Subdivisions BA and BB is applicable ceases, from the start of the day on which the document is lodged, to apply in respect of that disposition of the asset.

Subdivision BA—Dispositions of assets before 1 July 2002

52FAA Application

This Subdivision applies only to dispositions of assets that took place before 1 July 2002.

52FA Disposal of assets in pre-pension years—not a member of a couple

(1) If:

- (a) a person is not a member of a couple when the person claims a service pension, an income support supplement or a social security pension; and
- (b) the person disposes of an asset of the person during a pre-pension year of the person; and
- (c) the amount of that disposition, or the sum of that amount and of the amounts (if any) of other dispositions of assets previously made by the person during that pre-pension year, exceeds \$10,000;

then, for the purposes of determining whether the pension is payable to the person, there is to be included in the value of the person's assets for the period of 5 years that starts on the day on which the disposition took place:

- (d) the amount by which the sum of the amount of the first-mentioned disposition of assets and of the amounts (if any) of other dispositions of assets previously made by the person during that pre-pension year exceeds \$10,000; or
- (e) the amount of the first-mentioned disposition;

whichever is the lesser amount.

Note 1: For *disposes of assets* see section 52E.

Note 2: For *amount of disposition* see section 52F.

Note 3: If a pension is payable to the person, section 52G operates to determine the rate of payment and section 52FA ceases to apply to the person.

Section 52G

52G Disposal of assets in pension years—not a member of a couple

- (1) If, on or after 1 March 1986 and before 1 July 2002:
- (a) a person who is not a member of a couple has, during a pension year of the person, disposed of assets of the person; and
 - (b) the amount of that disposition of assets, or the sum of that amount and of the amounts (if any) of other dispositions of assets previously made by the person during that pension year, exceeds \$10,000;

then, for the purposes of this Act, there is to be included in the value of the person's assets for the period of 5 years that starts on the day on which the disposition takes place:

- (c) the amount by which the sum of the amount of the first-mentioned disposition of assets, and of the amounts (if any) of other dispositions of assets previously made by the person during that pension year, exceeds \$10,000; or
- (d) the amount of the first-mentioned disposition of assets; whichever is the lesser amount.

52GA Disposal of assets in pre-pension years—members of couples

- (1) Subject to subsections (3), (4) and (5), if:
- (a) a person disposes of an asset; and
 - (b) the person is a member of a couple when the person or the person's partner claims a service pension, an income support supplement or a social security pension; and
 - (c) the person disposes of the asset:
 - (i) during a pre-pension year of the person; or
 - (ii) if the person does not claim a service pension, an income support supplement or a social security pension but the person's partner claims such a pension—during a pre-pension year of the person's partner; and
 - (d) the amount of that disposition, or the sum of that amount and the amounts (if any) of other dispositions of assets previously

Section 52GA

made by the person or the person's partner during that
pre-pension year, exceeds \$10,000;

then, for the purposes of determining whether the pension is
payable to the person:

- (e) there is to be included in the value of the person's assets for
the period of 5 years that starts on the day on which the
disposition took place:
 - (i) 50% of the amount by which the sum of the amount of
the first-mentioned disposition and of the amounts (if
any) of other dispositions of assets previously made by
the person or the person's partner during that
pre-pension year exceeds \$10,000; or
 - (ii) 50% of the amount of the first-mentioned disposition;
whichever is the lesser amount; and
- (f) there is to be included in the value of the assets of the
person's partner for the period of 5 years that starts on the
day on which the disposition took place:
 - (i) 50% of the amount by which the sum of the amount of
the first-mentioned disposition and of the amounts (if
any) of other dispositions of assets previously made by
the person or the person's partner during that
pre-pension year exceeds \$10,000; or
 - (ii) 50% of the amount of the first-mentioned disposition;
whichever is the lesser amount.

Note 1: For *disposes of assets* see section 52E.

Note 2: For *amount of disposition* see section 52F.

Note 3: If a pension is payable to the person, section 52H operates to
determine the rate of payment and section 52GA ceases to apply to the
person.

(3) If:

- (a) amounts are included under subsection (1) in the value of the
assets of a person who is a member of a couple and in the
value of the assets of the person's partner because of a
disposition of an asset by the person; and

Section 52H

- (b) the person and the person's partner cease to be members of the same couple;
any amount that was included in the value of the person's former partner's assets because of that disposition is to be included in the value of the person's assets.
- (4) If:
- (a) an amount is included under subsection (1) in the value of the assets of a person who is a member of a couple and in the value of the assets of the person's partner because of a disposition of an asset by the person; and
- (b) the person dies;
an amount is not to be included in the value of the assets of the person's partner because of that disposition.
- (5) If:
- (a) an amount is included under subsection (1) in the value of the assets of a person who is a member of a couple and in the value of the assets of the person's partner because of a disposition of an asset by the person; and
- (b) the partner dies;
any amount that would, if the partner had not died, be included in the value of the partner's assets because of the disposition is to be included in the value of the person's assets.

52H Disposal of assets in pension years—members of couples

- (1) Subject to subsections (3) and (4), where, on or after 1 March 1986 and before 1 July 2002:
- (a) a person who is a member of a couple has disposed of assets of the person:
- (i) during a pension year of the person; or
- (ii) if the person is not receiving a service pension, income support supplement or a social security pension but the person's partner is receiving such a pension—during a pension year of the person's partner; and

Section 52H

- (b) the amount of that disposition of assets, or the sum of that amount and the amounts (if any) of other dispositions of assets previously made by the person or the person's partner during that pension year, exceeds \$10,000;

then, for the purposes of this Act:

- (c) there is to be included in the value of the person's assets for the period of 5 years that starts on the day on which the disposition takes effect:
- (i) 50% of the amount by which the sum of the amount of the first-mentioned disposition of the assets and of the amounts (if any) of other dispositions of assets previously made by the person or the person's partner during the pension year exceeds \$10,000; or
 - (ii) 50% of the amount of the first-mentioned disposition of assets;

whichever is the lesser amount; and

- (d) there is to be included in the value of the assets of the person's partner for the period of 5 years that starts on the day on which the disposition takes place:

Step 1A. Add to the primary loan amount the amount of any pension loans scheme advance payments received by the

	person: the result is the <i>advance payment adjusted amount</i> .

Step 3.	Add to the basic amount of debt the amount of interest payable. The interest payable is compound interest at the rate fixed by the legislative instrument made under subsection 1135(4) of the <i>Social Security Act 1991</i> and compounding fortnightly: the result is the <i>amount of debt including interest</i> .
Step 4.	Add to the amount of debt including interest the amount of any registration costs payable by the person under subsection 52ZL(4): the result is the <i>total amount of debt</i> .
Step 5.	From the total amount of debt take away any amount of the debt already paid to the Commonwealth: the result is the current amount of debt owed by the person.

 - (ab) the veteran is a veteran within the meaning of paragraph (a) of the definition of *veteran* in subsection 5C(1); and

Note 2: A partner service pensioner may be eligible to be provided with treatment under Part V if he or she is receiving a pension under Part II at 50% of the general rate or higher (see subsection 85(7)).

Note 4: A veteran who was taken to be eligible for fringe benefits because of subsection 17(1) or (2) of the *Veterans' Entitlements (Rewrite) Transition Act 1991* as in force immediately before the commencement of Schedule 5 to the *Veterans' Affairs Legislation Amendment (Budget and Compensation Measures) Act 1997* and who is receiving an age or invalidity service pension is eligible under section 53D to be provided with treatment under Part V if paragraph 53D(1)(b) applies to the veteran.

Part IIIB Provisions applying to service pension, income support supplement and veteran payment

Division 12 Service pensioner and income support supplement recipient benefits

Section 53D

- (2) Paragraph (1)(b) does not make a veteran ineligible to be provided with treatment under Part V if the veteran satisfies the Commission that the veteran was domiciled in Australia or an external Territory immediately before the veteran's appointment or enlistment for service as described in item 3 of the table in subsection 6A(1) or as described in subsection 6C(2).

Note: Section 11B may affect a person's domicile immediately before appointment or enlistment.

- (3) If a veteran's service pension is suspended, the Commission may determine that the veteran is to be treated, for the purposes of this section, as if the veteran were continuing to receive the service pension during the whole or a specified part of the period of suspension.
- (4) A determination under subsection (3) must be in writing.
- (4A) If:
- (a) a veteran begins to receive a veteran payment on a day; and
 - (b) on the day before that day the veteran was receiving an age or invalidity service pension;
- then, for the purposes of this section, the veteran is taken to be receiving an age or invalidity service pension, and paragraph (1)(a) is taken to be satisfied, while the veteran is receiving that veteran payment.
- (5) This section applies to an injury suffered, or a disease contracted, by a veteran whether before or after the commencement of this section.

53E Veterans to satisfy certain conditions

- (1) This section applies to a veteran if:
- (a) the veteran is permanently blind; or
 - (b) the veteran's rate of service pension is neither income reduced nor assets reduced; or
 - (c) the veteran's rate of service pension is either income reduced or assets reduced, but the reduction does not exceed the income/assets reduction limit applicable to the veteran.

Note: For *income/assets reduction limit* see subsection (2).

- (2) The *income/assets reduction limit* applicable to a veteran is worked out by using Table 53E. Work out which item in the table applies to the veteran by identifying his or her family situation. The applicable income/assets reduction limit is the amount in column 3 of that item.

Table 53E—Income/Assets Reduction Limit

Column 1 Item	Column 2 Family situation	Column 3 Basic reduction per year	Column 4 Basic reduction per fortnight
1	Not a member of a couple	\$1,924	\$74
2	Partnered	\$1,664	\$64

Note 1: For *member of a couple* and *partnered* see section 5E.

Note 3: Members of illness separated and respite care couples are covered by item 2 of the table.

Note 4: The basic reduction and additional reduction are indexed 6 monthly in line with CPI increases (see sections 59B to 59E).

- (3) If, on a particular day:
- (a) the annual rate of a veteran's ordinary income increases; and
 - (b) as a result of the increase, the veteran's rate of service pension is income reduced by an amount that is not more

Part IIIB Provisions applying to service pension, income support supplement and veteran payment

Division 12A—Payments after bereavement

Subdivision A—Bereavement period

53H Definition

In this Division:

bereavement period, in relation to a person's death, means the period of 98 days starting on the day on which the person died.

Note: Payments under this Division are not affected by unrepaid advance payments of pension.

Subdivision B—Death of pensioner's partner (where partner was receiving a pension or a social security pension)

53J Application

This Subdivision applies if:

- (a) a person (the *pensioner*) is receiving a pension; and
- (b) the pensioner is a member of a couple; and
- (c) the other member of the couple (the *partner*) dies; and
- (d) immediately before the partner died, the partner was receiving a pension or a social security pension.

53K What happens if pensioner's reassessed rate equals or exceeds combined pensioner couple rate

- (1) This section applies during the bereavement period if the rate of pension applicable to the pensioner as a result of the partner's death is equal to or greater than the sum of the rates of pension or social security pension that were payable to the pensioner and the partner on the last day of the last pension period that ended before the partner died.

Section 53L

- (2) The rate of pension that becomes applicable in respect of the pensioner as a result of the partner's death applies with effect from the day of the partner's death.
- (3) Part of the rate of pension payable to the pensioner is taken to be bereavement payment. The part concerned is equal to the rate of pension or social security pension payable to the partner on the last day of the last pension period that ended before the partner died.
- (4) This section has effect subject to sections 53M and 53NAA.

53L What happens if pensioner's reassessed rate is less than combined pensioner couple rate

- (1) This section applies during the bereavement period if the rate of pension applicable to the pensioner as a result of the partner's death is less than the sum of the rates of pension or social security pension that were payable to the pensioner and the partner on the last day of the last pension period that ended before the partner died.
- (2) Pension continues to be payable to the pensioner during the bereavement period at the rate at which it was payable immediately before the partner's death.
- (3) The rate of pension that, apart from subsection (2), would be applicable in respect of the pensioner as a result of the partner's death applies with effect from the day after the end of the bereavement period.
- (4) There is payable to the pensioner, for each day in the bereavement period, a bereavement payment calculated at the rate of the pension or social security pension that was payable to the partner on the last day of the last pension period that ended before the partner died.
- (5) All or any of the bereavement payments payable to the pensioner under subsection (4) may be paid in advance in a lump sum.
- (6) This section has effect despite subsection 38C(2) but is subject to sections 53M and 53NAA.

**53M Determination of amount of pension and social security
pension**

- (1) This section applies in determining for the purposes of section 53K or 53L the rates of pension or social security pension that were payable to the pensioner and the partner on the last day of the last pension period that ended before the day of the partner's death.
- (2) If the pensioner and partner were an illness separated couple or a respite care couple on the last day of the last pension period that ended before the day of the partner's death, the rates of pension or social security pension referred to in subsection (1) are to be worked out as if the pensioner and partner were not members of an illness separated couple or respite care couple but remained members of a couple.
- (3) If the partner was a war widow or war widower who was receiving a service pension, the rate of that pension that was payable to the partner on the last day of the last pension period that ended before the day of the partner's death is taken to be the rate that would have been payable if Method statement 1 or Method statement 2 (whichever is appropriate) in Module A of the Rate Calculator had applied in working out the rate of the pension and Method statement 3 or Method statement 4, as the case may be, in that Module had not applied.
- (4) If the partner was a war widow or war widower who was receiving an income support supplement, the rate of that supplement that was payable to the partner on the last day of the last pension period that ended before the day of the partner's death is taken to be:
 - (a) in respect of a partner who was not permanently blind—the rate that would have been payable if the ceiling rate were greater than the adjusted income reduced rate and the assets reduced rate; or
 - (b) in respect of a partner who was permanently blind—the sum of:
 - (i) the maximum basic rate under point SCH6-B1; and

Section 53N

- (ii) the partner's pension supplement amount (worked out as if the partner was receiving a service pension worked out under subpoint SCH6-A1(2) of Schedule 6).
- (5) In determining under subsection (4) the rate of the income support supplement that was payable to the partner on the last day of the last pension period that ended before the day of the partner's death, it is to be assumed that the adjusted income of the partner did not include the income referred to in paragraph (c), (ca) or (cb) of the definition of *adjusted income* in subsection 5H(1).
- (6) If the partner was a war widow or war widower who was receiving a social security pension, the rate of that pension that was payable to the partner on the last day of the last pension period that ended before the day of the partner's death is taken to be the rate that would have been payable if:
 - (a) subsections 1064(5) and (6) and 1065(4) and (5) of the Social Security Act had not been enacted; and
 - (b) the ordinary income of the partner did not include any instalment of pension that was payable to the partner under subsection 30(1).

53N Transfer to another pension

- (1) This section applies if, on a day during the bereavement period, the pensioner:
 - (a) ceases to receive the pension; and
 - (b) begins to receive another pension or to receive a social security pension.
- (2) If the pensioner receives, for a day occurring during the remainder of the bereavement period, a payment of the other pension or of the social security pension, part of the payment is taken to be a bereavement payment. The part concerned is the amount representing the rate of pension or social security pension payable to the partner on the last day of the last pension period that ended before the day of the partner's death.

(3) This section has effect subject to section 53NAA.

**53NAA Matters affecting bereavement payments under this
Subdivision**

If:

- (a) bereavement payments mentioned in subsection 53K(3), 53L(4) or 53N(2) are payable to the pensioner in relation to the death of the partner; and
- (b) after the partner died, an amount of a pension, or a social security pension, to which the partner would have been entitled if the partner had not died has been paid under this Act or the *Social Security Act 1991*; and
- (c) the Commission is not satisfied that the pensioner has not had the benefit of that amount;

the following provisions have effect:

- (d) the amount referred to in paragraph (b) is not recoverable from the pensioner or from the personal representative of the partner, except to the extent (if any) that the amount exceeds the amount of the bereavement payments referred to in paragraph (a);
- (e) the amount of the bereavement payments referred to in paragraph (a) is to be reduced by the amount referred to in paragraph (b).

**53NA No liability of financial institution for certain payments to
pensioner**

(1) This section applies if:

- (a) after the partner died, an amount (the *partner's amount*) of pension or social security pension to which the partner would have been entitled if the partner had not died is paid into an account with a financial institution; and
- (b) the institution pays to the pensioner, out of that account, an amount that is not more than the partner's amount.

Section 53P

- (2) The financial institution is not liable to any action, claim or demand in respect of the payment to the pensioner.
- (3) Subsection (2) has effect despite any other law.

 - (ii) the pensioner is a member of a couple and the pensioner's partner is not receiving a service pension or income support supplement, is not receiving a social security pension and is not receiving a social security benefit; and
- (c) the pensioner dies.

53Q Payment of one instalment

- (1) Sections 123 to 123E do not apply as a result of the pensioner's death, but there is payable to any person whom the Commission thinks appropriate an amount equal to the amount of pension that would have been payable to the pensioner for the period of 14 days after the day on which the pensioner died calculated at the rate at which pension would have been payable to the pensioner (including, to remove any doubt, any amount of pension payable under this Division) on those days if the pensioner had not died.
- (2) If the amount is paid under subsection (1) in respect of the pensioner, the Commonwealth is not liable to any action, claim or demand for further payment under that subsection in respect of the pension.
- (3) If a lump sum bereavement payment made to the pensioner under this Division before the pensioner's death included an amount for a

pension period that occurred after the day of the pensioner's death,
the amount is not recoverable from the pensioner's estate.

Subdivision D—Death of dependent child

53R Application

This Subdivision applies if:

- (b) a dependent child dies.

53S When reassessed pension rate in respect of pensioner comes into effect

- (2) The rate of pension that becomes applicable to the pensioner as a result of the child's death applies with effect from the day after the end of the bereavement period.

53T Bereavement payment

- (1) Part of each instalment of pension that is paid to the pensioner for a pension payday that occurs during the bereavement period is taken to be a bereavement payment. The part concerned is so much of the instalment as related to the child.
- (2) All or any of the bereavement payments payable to the pensioner under subsection (1) may be paid in advance in a lump sum.

Section 55

Division 14—Pensioners in certain institutions

55 Service pension, income support supplement or veteran payment may be suspended or forfeited when person in gaol or in psychiatric confinement following criminal charge

- (1) Subject to subsection (3), an instalment of a service pension, income support supplement or a veteran payment is not payable to a person in respect of a day on which the person is:
 - (a) in gaol; or
 - (b) undergoing psychiatric confinement because the person has been charged with an offence.

Note: While an instalment is not payable to a person, the person is not entitled to benefits under Division 12 because the person is not *receiving a service pension or income support supplement* unless a determination is in force under subsection 53D(3), 55A(1) or 85(8).

- (3) Subsection (1) does not apply to so much of an instalment as has been redirected under a direction given under section 55A.

Meaning of in gaol

- (4) For the purposes of this Act, a person is *in gaol* if:
 - (a) the person is being lawfully detained (in prison or elsewhere) while under sentence for conviction of an offence and not on release on parole or licence; or
 - (b) the person is undergoing a period of custody pending trial or sentencing for an offence.

Meaning of psychiatric confinement

- (5) Subject to subsection (6), *psychiatric confinement* in relation to a person includes confinement in:
 - (a) a psychiatric section of a hospital; and
 - (b) any other place where persons with psychiatric disabilities are, from time to time, confined.

- (6) The confinement of a person in a psychiatric institution during a period when the person is undertaking a course of rehabilitation is not to be taken to be *psychiatric confinement*.

55A Instalments may be redirected to partner or child

- (1) If:
- (a) an instalment of a person's service pension, income support supplement or veteran payment would, but for this section, not be payable because of section 55; and
 - (b) the person has a partner or a child;
- the Commission may direct that the whole, or a specified part, of the instalment is to be paid to:
- (c) the partner; or
 - (d) the child; or
 - (e) someone else approved by the Commission.
- (2) A payment made under paragraph (1)(e) is to be applied for the benefit of the partner or the child.
- (3) If a payment is made under subsection (1) to the partner or a child of the person who is in gaol or undergoing psychiatric confinement because the person has been charged with an offence, the payment is to be taken, for all the purposes of this Act, to be a payment made to the person in gaol or psychiatric confinement.

Note: This subsection has the effect that the person is receiving the service pension or income support supplement on a payday if the instalment for that payday has been wholly or partly redirected under this section: for instance, the person would be eligible for fringe benefits. This person is not eligible for another income support payment.

Division 15—Variation and termination

56 Automatic termination or rate reduction—recipient complying with section 54 notification obligations

(1) Where:

- (a) a person who is receiving a service pension, income support supplement or a veteran payment is given a notice under section 54; and
- (b) the notice requires the person to inform the Department or a specified officer of the occurrence of an event or change in circumstances within a specified period (in this section called the *notification period*); and
- (c) the event or change in circumstances occurs; and
- (d) the person informs the Department or specified officer of the occurrence of the event or change in circumstances within the notification period in accordance with the notice; and
- (e) because of the occurrence of the event or change in circumstances:
 - (i) the person ceases to be eligible for the pension, income support supplement or veteran payment; or
 - (ii) the pension, income support supplement or veteran payment would, but for this section, cease to be payable to the person;

the pension, income support supplement or veteran payment continues to be payable to the person until the end of the notification period and then ceases to be payable to the person.

Note: If a person ceases to receive a service pension or income support supplement, the person's eligibility for benefits under Division 12 will generally cease.

(2) If the pension, income support supplement or veteran payment ceases to be payable to the person under subsection (1), the pension, supplement or payment is cancelled.

Note: In some circumstances, the Commission may decide that the pension, supplement or payment is not cancelled but suspended (see sections 56ED and 56EE).

(3) If:

- (a) a person who is receiving a service pension, income support supplement or a veteran payment is given a notice under section 54; and
- (b) the notice requires the person to inform the Department or a specified officer of the occurrence of an event or change in circumstances within a specified period (the *notification period*); and
- (c) the event or change in circumstances occurs; and
- (d) the person informs the Department or specified officer of the occurrence of the event or change in circumstances within the notification period in accordance with the notice; and
- (e) because of the occurrence of the event or change in circumstances, the person's rate of pension, income support supplement or veteran payment is to be reduced;

then, except as otherwise provided by this Act, the pension, income support supplement or veteran payment becomes payable to the person at the reduced rate immediately after the end of the notification period.

56A Automatic termination—recipient not complying with section 54 notification obligations

(1) Where:

- (a) a person who is receiving a service pension, income support supplement or a veteran payment is given a notice under section 54; and
- (b) the notice requires the person to inform the Department or a specified officer of the occurrence of an event or change in circumstances within a specified period (in this section called the *notification period*); and
- (c) the event or change in circumstances occurs; and
- (d) the person does not inform the Department or specified officer of the occurrence of the event or change in circumstances within the notification period in accordance with the notice; and

Section 56B

(e) because of the occurrence of the event or the change in circumstances:

- (i) the person ceases to be eligible for the pension, income support supplement or veteran payment; or
- (ii) the pension, income support supplement or veteran payment ceases to be payable to the person;

the pension, income support supplement or veteran payment ceases to be payable to the person on the day on which the event or change in circumstances occurs.

Note: If a person ceases to receive a service pension or income support supplement, the person's eligibility for benefits under Division 12 will generally cease.

- (2) If the pension, income support supplement or veteran payment ceases to be payable to the person under subsection (1), the pension, supplement or payment is cancelled.

Note: In some circumstances, the Commission may decide that the pension, supplement or payment is not cancelled but suspended (see sections 56ED and 56EE).

56B Automatic rate reduction—recipient not complying with section 54 notification obligations

Where:

- (a) a person who is receiving a service pension, income support supplement or a veteran payment is given a notice under section 54; and
- (b) the notice requires the person to inform the Department or a specified officer of the occurrence of an event or change in circumstances within a specified period (in this section called the *notification period*); and
- (c) the event or change in circumstances occurs; and
- (d) the person does not inform the Department or specified officer of the occurrence of the event or change in circumstances within the notification period in accordance with the notice; and

Section 56C

(e) because of the occurrence of the event or change in circumstances, the person's rate of pension, income support supplement or veteran payment is to be reduced;
then, except where otherwise provided for by this Act, the pension, income support supplement or veteran payment becomes payable to the person at the reduced rate on the day on which the event or change in circumstances occurs.

56C Rate increase determination

- (1) If the Commission is satisfied that the rate at which a service pension, income support supplement or a veteran payment is being, or has been, paid is less than the rate provided for by this Act, the Commission must, subject to section 56DA, determine that the rate is to be increased to the rate specified in the determination.
- (2) If:
 - (a) either:
 - (i) a service pension, income support supplement or a veteran payment has not been, or is not being, paid to a person because the rate of the pension, supplement or payment was determined to be nil; or
 - (ii) a service pension, income support supplement or a veteran payment has not been, or is not being, paid to a person because the rate of the pension, supplement or payment was reduced to nil under section 56 or 56A; and
 - (b) the Commission is satisfied that the rate of the person's pension, supplement or payment as provided for by this Act is no longer nil;the Commission must, subject to section 56DA, determine that the rate at which the pension, supplement or payment is payable to the person is the rate specified in the determination.

56D Rate reduction determination

- (1) If the Commission is satisfied that the rate at which service pension, income support supplement or veteran payment is being, or has been, paid is more than the rate provided for by this Act, the Commission must, subject to section 56DA, determine that the rate is to be reduced to the rate specified in the determination.

Note 1: A determination under this section is not necessary in a case where an automatic rate reduction is produced by section 56B.

Note 2: For the date of effect of a determination under this section, see section 56H.

- (2) A determination under subsection (1):

56DA No rate increase or reduction for small amounts

- (1) The Commission must not make a determination under section 56C or 56D if the amount by which the rate of the service pension, income support supplement or veteran payment would be increased or reduced (as the case may be) under the determination would be less than \$26 per annum.
- (2) Subsection (1) does not apply if the increase or reduction in the rate of the pension, supplement or payment is necessary as a result of a matter, or change in circumstances, affecting the payment of the pension, supplement or payment that the Commission has declared, by notice published in the *Gazette*, to be a matter, or change in circumstances, whose effects on the payment of a service pension, income support supplement or a veteran payment is to be disregarded for the purposes of this subsection.

Note 1: A determination under this section is not necessary in a case where an automatic termination is produced by section 56 or 56A.

Note 2: For the date of effect of a determination under this section, see section 56H.

Note 3: When a person's pension is suspended under section 56E, the provision of benefits under Division 12 to the person is generally suspended too. However, the Commission may decide that the person can continue to receive medical treatment under section 53D or Part V (see subsection 85(8)).

the change is taken to have been made because of a determination by the Commission for that reason.

Note: This section does not apply where:

Part IIIB Provisions applying to service pension, income support supplement and veteran payment

Division 17 Administration of payments

Section 58

Division 17—Administration of payments

Subdivision A—General administration of payments

58 Application of Subdivision

- (1) This Subdivision applies to:
 - (a) pensions payable under Part III (Service Pensions) or Part IIIA (Income Support Supplement); and
 - (aa) veteran payments (see Part IIIAA); and
 - (b) pension bonus and pension bonus bereavement payment payable under Part IIIAB.
- (2) For the purposes of this Subdivision, *pension* includes veteran payment.

Note: The definition of *pension* in section 5Q also includes income support supplement.
- (3) For the purposes of this Subdivision (other than section 58A), *pension* includes a pension loans scheme advance payment (within the meaning of section 52ZBA).

58A Payment by instalments

Payment in arrears in relation to pension periods

- (1) Pension is payable:
 - (a) in arrears; and
 - (b) by instalments relating to each pension period.

Total instalment relating to a pension period

- (2) The amount payable to a person as an instalment of pension in relation to a pension period is the total amount of pension payable to the person for the days in that period on which pension was payable to the person.

Section 58A

Pensions generally payable fortnightly

- (3) Unless subsection (3A) applies to the person, an instalment of pension is payable to a person on the next payday after the end of the pension period to which the instalment relates.

Pensions may be payable weekly

- (3A) The Commission may determine, in writing, that the total amount of an instalment of pension payable to a person in relation to a pension period is payable to the person in 2 payments (the **part payments**) if the person is a member of a class specified under subsection (3C).
- (3B) A determination made under subsection (3A) is not a legislative instrument.
- (3C) The Commission may, by legislative instrument, specify a class of persons for the purposes of subsection (3A).
- (3D) The first of the part payments:
- (a) is not to exceed the total of the amount of pension (calculated in accordance with this section) payable to the person for days that:
 - (i) are days on which the pension was payable to the person; and
 - (ii) are included in the first 7 days of the pension period; and
 - (b) is payable at a time determined by the Commission that is after the first 7 days of the pension period.
- (3E) The other of the part payments:
- (a) is the excess of the amount that is payable to the person as the instalment of pension in relation to the pension period over the first of the part payments; and
 - (b) is payable at a time determined by the Commission that is after the end of the pension period.

Section 58A

- (3F) If the total amount of pension payable to a person in relation to a pension period is payable to the person in part payments, then it is taken for the purposes of this Act that:
- (a) a single instalment of the pension is payable in relation to the period; and
 - (b) that instalment is payable when the last of the part payments is, or is to be, made; and
 - (c) that instalment is equal to the total of the part payments.

Note: The total of the part payments equals the amount worked out under subsection (2) (as affected by subsections (6) to (9), if relevant) as the amount payable to the person as the instalment of the pension in relation to the pension period.

- (3G) However, sections 58J (about payments to Commissioner of Taxation or Child Support Registrar) and 122B (about deductions from instalments) apply as if each of the part payments were a separate instalment.

Calculation of rate of pension payable

- (4) For the purpose of the calculation of the amount of an instalment of pension, the rate of pension payable to a person for a day is calculated by dividing the annual rate of pension by 364.
- (5) The amount worked out under subsection (4) is to be rounded to the nearest cent (rounding half a cent upwards).
- (6) If:
- (a) either or both of the following amounts are added to a person's maximum basic rate for a particular day in working out the amount of an instalment of a service pension:
 - (i) a pension supplement amount more than the person's pension supplement basic amount;
 - (ii) energy supplement; and
 - (b) there is no election by the person under subsection 60A(1) in force on that day; and

Section 58A

- (c) apart from this subsection, the portion of the instalment corresponding to that day would be more than a nil amount but less than $\frac{1}{364}$ of the total of:
- (i) the minimum pension supplement amount, if an amount described in subparagraph (a)(i) was added as described in paragraph (a); and
 - (ii) the energy supplement (if any) added as described in paragraph (a);

the amount of that portion of the instalment is to be increased to $\frac{1}{364}$ of that total.

(7) If:

- (a) an amount of an instalment of income support supplement is payable to a person in relation to a particular day; and
- (b) on that day, the person is residing in Australia and:
 - (i) is in Australia; or
 - (ii) is temporarily absent from Australia and has been so for a continuous period not exceeding 6 weeks; and
- (c) there is no election by the person under subsection 60A(1) in force on that day; and
- (d) apart from this subsection, the portion of the instalment corresponding to that day would be less than $\frac{1}{364}$ of the person's minimum pension supplement amount, but more than a nil amount;

the amount of that portion of the instalment is to be increased to $\frac{1}{364}$ of the person's minimum pension supplement amount.

(8) If:

- (a) an amount of an instalment of veteran payment is payable to a person in relation to a particular day; and
- (b) on that day, the person is residing in Australia and:
 - (i) is in Australia; or
 - (ii) is temporarily absent from Australia and has been so for a continuous period not exceeding 6 weeks; and
- (c) apart from this subsection, the portion of the instalment corresponding to that day would be less than $\frac{1}{364}$ of the

Section 58C

person's minimum pension supplement amount, but more than a nil amount;

the amount of that portion of the instalment is to be increased to $\frac{1}{364}$ of the person's minimum pension supplement amount.

- (9) If, apart from this subsection, the amount of a fortnightly instalment of pension would be less than \$1.00, the amount of the instalment is to be increased to \$1.00.

58C Manner of payment

A person's pension is, subject to sections 58D and 58L of this Act and sections 432 to 435 of the MRCA and sections 202 to 202B, to be paid:

 - (a) the primary person, by document lodged at an office of the Department in Australia in accordance with section 5T, requests the Commission to pay the pension to the other person; and
 - (b) the Commission is satisfied that the other person has agreed to receive payment as agent of the primary person.
- (1A) A request lodged in accordance with section 5T is taken to have been made on a day determined under that section.
- (2) An approval under subsection (1):
 - (a) must be in writing; and
 - (b) must specify the person to whom the pension is to be paid; and

Section 58E

- (c) must specify the period for which the pension is to be paid to that person.
- (3) If a payment of pension is made to another person in accordance with an approval under subsection (1):

 - (b) neither the Commonwealth nor the Commission is bound to oversee the application of the payment by the other person; and
 - (c) the other person is to be taken to receive the payment as agent for the primary person.

58E Pension payday falling on public holiday etc.

If an amount of pension that would normally be paid on a particular day cannot reasonably be paid on that day (because, for example, it is a public holiday or a bank holiday), the amount may be paid on an earlier day.

58F Payment into bank account etc.

- (1) The Commission may direct that the whole or a part of the amount of a person's pension is to be paid, at the intervals that the Commission specifies, to the credit of an account with:
 - (a) a bank; or
 - (b) if the person is physically outside Australia—a foreign corporation that takes money on deposit.
- (2) The account must be an account nominated and maintained by the person to whom the pension is payable.
- (3) The account may be an account that is maintained by a person to whom the pension is payable jointly or in common with another person.
- (3A) If the person has not nominated an account for the purposes of subsection (2) the amount is not to be paid.

Section 58J

- (3B) If:
- (a) an amount has not been paid because of subsection (3A); and
 - (b) the person nominates an account for the purposes of subsection (2);

Section 59C

- (1A) The pension MBR amount (item 1 of table) is not to be indexed on 20 March 1993.

Highest quarter

- (2) A reference in the CPI Indexation Table to the highest of a group of quarters is a reference to the quarter in that group that has the highest index number.

59C Indexation of amounts

- (1) If an amount is to be indexed under this Subdivision on an indexation day, this Act has effect as if the indexed amount were substituted for that amount on that day.
- (2) This is how to work out the indexed amount for an amount that is to be indexed under this Subdivision on an indexation day:

Method statement

- Step 1. Use section 59D to work out the indexation factor for the amount on the indexation day.
- Step 2. Work out the current figure for the amount immediately before the indexation day.
- Step 3. Multiply the current figure by the indexation factor: the result is the *provisional indexed amount*.
- Step 5. Use section 59E to round off the provisional indexed amount: subject to section 59EAA, the result is the *indexed amount*.

The indexed amount (including one replaced under section 59EAA) may be increased under section 59EA in certain cases.

Note 1: For *current figure* see subsection 5NA(1).

Section 59D

Note 2: On the indexation days following 19 March 2001, the indexation of amounts that were increased by 4% or 10% on 1 July 2000 may be affected by section 198H.

- (2AB) The first indexation of amounts under items 1A, 1B and 1C of the CPI Indexation Table in subsection 59B(1) is to take place on 20 March 2010.
- (2A) For the purposes of working out the indexed amount for pension *single* property owner AVL on 1 July 2017, the current figure for pension *single* property owner AVL immediately before that day is taken to be \$250,000.
- (2B) For the purposes of working out the indexed amount for pension *partnered* property owner AVL on 1 July 2017, the current figure for pension *partnered* property owner AVL immediately before that day is taken to be \$187,500.
- (3) For the purposes of working out the indexed amount for pension *partnered* non-property owner AVL on 1 July 2017, the current figure for pension *partnered* non-property owner AVL immediately before that day is taken to be \$287,500.

59D Indexation factor

- (1) Subject to subsections (2) and (3) and section 198MA, the indexation factor for an amount that is to be indexed under this Subdivision on an indexation day is:

$$\frac{\text{Index number for most recent reference quarter}}{\text{Index number for base quarter}}$$

worked out to 3 decimal places.

Note: For *reference quarter* and *base quarter* see the CPI Indexation Table in section 59B.

- (2) If an indexation factor worked out under subsection (1) would, if it were worked out to 4 decimal places, end in a number that is greater than 4, the indexation factor is to be increased by 0.001.

Section 59E

- (3) If an indexation factor worked out under subsections (1) and (2) would be less than 1, the indexation factor is to be increased to 1.

59E Rounding off indexed amounts

- (1) If a provisional indexed amount is a multiple of the rounding base, the provisional indexed amount becomes the indexed amount.

Note 1: For provisional indexed amount see step 3 in subsection 59C(2).

Note 2: For rounding base see the CPI Indexation Table in section 59B.

- (2) If a provisional indexed amount is not a multiple of the rounding base, the indexed amount is the provisional indexed amount rounded up or down to the nearest multiple of the rounding base.
- (3) If a provisional indexed amount is not a multiple of the rounding base but is a multiple of half the rounding base, the indexed amount is the provisional indexed amount rounded up to the nearest multiple of the rounding base.

59EAA Indexation using Pensioner and Beneficiary Living Cost Index

- (1) This section applies to the pension MBR amount (see item 1 of the table in section 59A).
- (2) If the indexed amount for the pension MBR amount, worked out under section 59C on an indexation day and disregarding section 59EA and this section, is less than the living cost amount worked out on that indexation day using the following method statement, then that indexed amount is taken to be an amount equal to that living cost amount:

Method statement

- Step 1. Use section 59EAB to work out the living cost indexation factor on that indexation day.

Section 59EAB

Step 2. Work out the current figure for the pension MBR amount immediately before that indexation day.

Note: For *current figure* see subsection 5NA(1).

Step 3. Multiply the current figure by the living cost indexation factor: the result is the *provisional living cost amount*.

Step 4. Use section 59EAC to round off the provisional living cost amount: the result is the *living cost amount*.

Note: If the indexed amount for the pension MBR amount, worked out under section 59C, is taken to be an amount equal to that living cost amount, there may be a further increase of that replaced indexed amount under section 59EA.

59EAB Living cost indexation factor

- (1) Subject to subsections (5) and (6) and section 198MB, the living cost indexation factor on an indexation day is:

$$\frac{\text{Living cost index number for reference quarter}}{\text{Living cost index number for base quarter}}$$

worked out to 3 decimal places.

Definitions

- (2) For the purposes of this section, the *living cost index number*, in relation to a quarter, is the All Groups Pensioner and Beneficiary Living Cost Index number that is the weighted average of the 8 capital cities and is published by the Australian Statistician in respect of that quarter.
- (3) For the purposes of this section, the *reference quarter* is:
- if the indexation day is a 20 March—the most recent December quarter before the indexation day; and
 - if the indexation day is a 20 September—the most recent June quarter before the indexation day.

Section 59EAC

- (4) For the purposes of this section, the *base quarter* is the June or December quarter that:
- (a) is a quarter before the reference quarter; and
 - (b) has the highest living cost index number.

Rounding

- (5) If a living cost indexation factor worked out under subsection (1) would, if it were worked out to 4 decimal places, end in a number that is greater than 4, that indexation factor is to be increased by 0.001.
- (6) If a living cost indexation factor worked out under subsections (1) and (5) would be less than 1, that indexation factor is to be increased to 1.

Publication of substituted living cost index numbers

- (7) Subject to subsection (8), if at any time (whether before or after the commencement of this section) the Australian Statistician publishes a living cost index number for a quarter in substitution for a living cost index number previously published by the Australian Statistician for that quarter, the publication of the later living cost index number is to be disregarded for the purposes of this section.

Change to index reference period

- (8) If at any time (whether before or after the commencement of this section) the Australian Statistician changes the index reference period for the Pensioner and Beneficiary Living Cost Index, regard is to be had, for the purposes of applying this section after the change takes place, only to living cost index numbers published in terms of the new index reference period.

59EAC Rounding off amounts

- (1) If a provisional living cost amount is a multiple of \$2.60, the provisional living cost amount becomes the living cost amount.

Section 59EA

- (2) Subject to subsection (3), if a provisional living cost amount is not a multiple of \$2.60, the living cost amount is the provisional living cost amount rounded up or down to the nearest multiple of \$2.60.
- (3) If a provisional living cost amount is not a multiple of \$2.60 but is a multiple of \$1.30, the living cost amount is the provisional living cost amount rounded up to the nearest multiple of \$2.60.

59EA Certain indexed amounts to be increased in line with increases in Male Total Average Weekly Earnings

- (1) In this section:

category B amount means an amount set out in column 3 of item 2 of Table B in point SCH6-B1.

- (2) If:
 - (a) a category B amount is to be indexed under this Subdivision on an indexation day; and
 - (b) 50% of the combined couple benchmark for that indexation day exceeds the indexed amount for the category B amount;then:
 - (c) the indexed amount for the category B amount is to be increased by an amount equal to the excess; and
 - (d) if the indexed amount for the category B amount (as increased under paragraph (c)) is not a multiple of \$2.60, the indexed amount (as increased under paragraph (c)) is to be further increased by rounding up to the next highest multiple of \$2.60.
- (2A) For the purposes of this section, the *combined couple benchmark*, for an indexation day, is 41.76% of the annualised MTAWE figure for whichever of the following quarters is applicable:
 - (a) if the indexation day is a 20 March—the most recent December quarter;
 - (b) if the indexation day is a 20 September—the most recent June quarter.

Section 59EA

- (3) For the purposes of this section, the **annualised MTawe figure** for a quarter is 52 times the amount set out for the reference period in the quarter under the headings “Average Weekly Earnings of Employees, Australia—Males—All males—Total earnings—ORIGINAL” in a document published by the Australian Statistician entitled “Average Weekly Earnings, States and Australia”.
- (4) If at any time (whether before or after the commencement of this section), the Australian Statistician publishes the amount referred to in subsection (3):
- (a) under differently described headings (the **new headings**); or
 - (b) in a document entitled otherwise than as described in subsection (3) (the **new document**);
- then the **annualised MTawe figure** is to be calculated in accordance with subsection (3) as if the references to:
- (c) “Average Weekly Earnings of Employees, Australia—Males—All males—Total earnings—ORIGINAL”; or
 - (d) “Average Weekly Earnings, States and Australia”;
- were references to the new headings and/or the new document, as the case requires.
- (5) For the purposes of this section, the **reference period** in a particular quarter is the period described by the Australian Statistician as the pay period ending on or before a specified day that is the third Friday of the middle month of that quarter.
- (6) If at any time (whether before or after the commencement of this section), the Australian Statistician publishes an amount in substitution for a particular amount previously published by the Australian Statistician, the publication of the later amount is to be disregarded for the purposes of this section.
- (7) In this section:

December quarter means a quarter ending on 31 December.

June quarter means a quarter ending on 30 June.

- (2) For the purposes of this section, the adjusted single pension amount is worked out as follows:

Method statement

- Step 1. Work out the amount substituted for the pension MBR amount (see item 1 of the table in section 59A) on that indexation day under section 59C.
- Step 2. Multiply the amount worked out at step 1 by 2.
- Step 3. Work out 66.33% of the amount worked out at step 2.
- Step 4. Round the amount worked out at step 3 to the nearest multiple of \$2.60 (rounding up if necessary): the result is the *adjusted single pension amount*.

59GA Adjustment of rent free area

where:

pension partnered non-property owner AVL is the current figure, as at that 1 July, for the pension *partnered* non-property owner AVL.

- (2A) A pension MBR factor worked out under subsection (1) is to be worked out to 3 decimal places. However:
- (a) if a pension MBR factor worked out under subsection (1) would, if it were worked out to 4 decimal places, end in a number that is greater than 4, the pension MBR factor is to be increased by 0.001; and
 - (b) if a pension MBR factor worked out under subsection (1) or paragraph (a) of this subsection would be less than 1, the pension MBR factor is to be increased to 1.

Previous partnered veteran payment MBR \times Pension MBR factor

where:

previous partnered veteran payment MBR is the partnered veteran payment MBR applicable on the day before the adjustment day.

Single veteran payment MBR

- (2) This Act has effect as if, on each adjustment day, the amount worked out in accordance with the following formula, and rounded

Section 59LB

up to the nearest multiple of \$2.60, were substituted for the single veteran payment MBR:

Previous single veteran payment MBR × Pension MBR factor

where:

previous single veteran payment MBR is the single veteran payment MBR applicable on the day before the adjustment day.

Definitions

(3) In this section:

adjustment day means the following:

- (a) 20 March;
- (b) 20 September.

current single pension rate MBR means the single pension rate MBR (see item 1A of the table in section 59A) applicable on the adjustment day.

Note 2: These pensions, supplements, allowances and payments may be *compensation affected pensions* (see section 5NB).

- (2) If the person is or may be entitled to compensation and does not take reasonable action to claim or obtain the compensation, the pension, supplement or payment may not be payable to the person.
- (3) If the compensation is in the form of a lump sum, the pension, supplement or payment may cease to be payable for a period (based on the amount of the lump sum) and some or all of that part may be repayable.

This Part is not intended to contain any implication that, in addition to those specified circumstances, there needs to be some connection between the circumstances that give rise to the person's eligibility for the pension and the circumstances that give rise to the person's or the partner's compensation.

59N Certain lump sums to be treated as though they were received as periodic payments

 - (b) ends after the number of weeks specified in subsection (7).
- (7) The number of weeks in the lump sum preclusion period in relation to a person is:
- (a) if the person or the person's partner receives the lump sum compensation payment before 20 March 1997—the number worked out by using the formula:

$$\frac{\text{Compensation part of lump sum}}{\text{Average weekly earnings}}$$

or

- (b) if the person receives the lump sum compensation payment on or after 20 March 1997—the number worked out by using the formula:

$$\frac{52 \times \text{Compensation part of lump sum}}{2 \times \left(\begin{array}{c} \text{Maximum} \\ \text{basic rate} \end{array} + \begin{array}{c} \text{Point} \\ \text{SCH6-BA3} \\ \text{amount} \end{array} + \begin{array}{c} \text{Point} \\ \text{SCH6-BB3} \\ \text{amount} \end{array} \right) + \begin{array}{c} \text{Ordinary} \\ \text{free area} \\ \text{limit} \end{array}}$$

where:

maximum basic rate means the amount specified in column 3 of item 1 in Table B-1 in point SCH6-B1 of Schedule 6.

ordinary free area limit means the amount specified in column 3 of item 1 in Table E-1 in point SCH6-E6 of Schedule 6.

point SCH6-BA3 amount means the pension supplement amount worked out under point SCH6-BA3 of Schedule 6 for a person who is not a member of a couple (whether or not the person for whom the lump sum preclusion period is being worked out is a member of a couple and whether or not that point applies to the person for whom the lump sum preclusion period is being worked out).

point SCH6-BB3 amount means the energy supplement worked out under point SCH6-BB3 of Schedule 6 for a

Section 59QA

person who is not a member of a couple (whether or not the person for whom the lump sum preclusion period is being worked out is a member of a couple and whether or not that point applies to the person for whom the lump sum preclusion period is being worked out).

Note: For *compensation part* of lump sum and *average weekly earnings* see section 5NB.

- (8) If the number worked out under subsection (7) is not a whole number, the number is to be rounded down to the nearest whole number.

59QA Deemed lump sum payments arising from separate payments

- (1) If:
- (a) a person receives 2 or more lump sum payments in relation to the same event that gave rise to the entitlement of the person to compensation (the *multiple payments*); and
 - (b) at least one of the multiple payments is made wholly or partly in respect of lost earnings or lost capacity to earn;
- the following paragraphs have effect for the purposes of this Act:
- (c) the person is taken to have received one lump sum compensation payment (the *single payment*) of an amount equal to the sum of the multiple payments;
 - (d) the single payment is taken to have been received by the person:
 - (i) on the day on which he or she received the last of the multiple payments; or
 - (ii) if the multiple payments were all received on the same day—on that day.
- (2) A payment is not a lump sum payment for the purposes of paragraph (1)(a) if it relates exclusively to arrears of periodic compensation.

59R Person may have to repay amount where both lump sum and pension have been received

- (1) If:
- (a) a person receives compensation in the form of a lump sum; and
 - (b) the person receives payments of a compensation affected pension for any day or days in the lump sum preclusion period;
- the Commission may, by written notice to the person, determine that the person is liable to pay to the Commonwealth the amount specified in the notice.
- Note: For *lump sum preclusion period* see subsections 59Q(3) to (7).
- (2) The amount specified in the notice is the **recoverable amount** and is worked out:
- (a) if the person receives compensation in the form of a lump sum before 20 March 1997—under subsections (3) and (4); or
 - (b) if the person receives compensation in the form of a lump sum on or after 20 March 1997—under subsection (5).
- (3) If the person receives compensation in the form of a lump sum before 20 March 1997 and:
- (a) the person is not a member of a couple; or
 - (b) the person is a member of a couple and the person's partner:
 - (i) is not eligible for a compensation affected pension; or
 - (ii) is not qualified for a compensation affected payment under the Social Security Act;
- the **recoverable amount** is equal to the smaller of:
- (c) the compensation part of the lump sum; and
 - (d) the sum of the pension payments made to the person for the lump sum preclusion period.
- (4) If:
- (aa) the person receives compensation in the form of a lump sum before 20 March 1997; and

Section 59S

- (a) the person is a member of a couple; and
 - (b) the person's partner:
 - (i) is eligible for a compensation affected pension; or
 - (ii) is qualified for a compensation affected payment under the Social Security Act;
- the **recoverable amount** is equal to the smaller of:
- (c) the compensation part of the lump sum; and
 - (d) the amount obtained by adding the pension payments made to the person for the lump sum preclusion period to:
 - (i) the pension payments made to the person's partner for the lump sum preclusion period; or
 - (ii) the compensation affected payments made under the Social Security Act to the person's partner for the lump sum preclusion period.
- (5) If the person receives compensation in the form of a lump sum on or after 20 March 1997, the **recoverable amount** is equal to the smaller of:
- (a) the compensation part of the lump sum; and
 - (b) the sum of the payments of the compensation affected pension made to the person for a day or days in the lump sum preclusion period.

59S Lump sum compensation not counted as ordinary income

If an amount of compensation affected pension is not payable to a person under section 59Q because of compensation in the form of a lump sum, that lump sum is not to be regarded as ordinary income of either the person or the person's partner for the purposes of this Act.

59T Effect of periodic compensation payments on rate of person's compensation affected pension

- (1) If:
 - (a) a person receives periodic compensation payments; and

Section 59TA

(b) the person was not, at the time of the event that gave rise to the entitlement of the person to the compensation, receiving a compensation affected pension; and

(c) the person is eligible for a compensation affected pension for a day or days in the periodic payments period;

the rate of the person's compensation affected pension for that day or those days is reduced in accordance with subsection (2).

Note: For *periodic compensation payments*, *compensation affected pension* and *periodic payments period*, see subsection 5NB(1).

(2) The person's daily rate of compensation affected pension is reduced by the amount of the person's daily rate of periodic compensation.

(3) The reference in subsection (2) to a daily rate of periodic compensation is a reference to the amount worked out by dividing the total amount of the periodic compensation payments referred to in paragraph (1)(a) by the number of days in the periodic payments period.

(4) If:

(a) a person receives periodic compensation payments; and

(b) at the time of the event that gave rise to the entitlement of the person to compensation, the person was receiving a compensation affected pension; and

(c) the person is eligible for a compensation affected pension for a day or days in the periodic payments period;

the periodic compensation payments are to be treated as ordinary income of the person for the purposes of this Act.

Note: For *ordinary income*, see subsection 5H(1).

59TA Effect of periodic compensation payments on rate of partner's compensation affected pension

(1) If:

(a) a person receives periodic compensation payments; and

(b) the person is a member of a couple; and

Section 59U

- (c) the person was not, at the time of the event that gave rise to the entitlement of the person to the compensation, receiving a compensation affected pension; and
- (d) the person is eligible for a compensation affected pension for a day or days in the periodic payments period but, solely because of the operation of this Part, does not, or would not, receive the pension; and
- (e) the person's partner is eligible for a compensation affected pension, or is qualified for a compensation affected payment under the Social Security Act, for a day or days in the periodic payments period;

then, in working out the amount of the pension or payment referred to in paragraph (e), the amount (if any) by which the daily rate of periodic compensation payable to the person exceeds the daily rate of the compensation affected pension for which the person is eligible for a day or days in the periodic payments period is to be treated as ordinary income of the person's partner.

Note 1: See also point SCH6-E3A for the effect of that excess on the application of the ordinary/adjusted income test.

Note 2: For *periodic compensation payments*, *compensation affected pension* and *periodic payments period*, see subsection 5NB(1).

Note 3: For *ordinary income*, see subsection 5H(1).

- (2) The reference in subsection (1) to a daily rate of periodic compensation is a reference to the amount worked out by dividing the total amount of the periodic compensation payments referred to in paragraph (1)(a) by the number of days in the periodic payments period.

59U Claim for compensation affected pension granted to person qualified for compensation affected payment under Social Security Act

- (1) If:
 - (a) a person's claim for a compensation affected pension is granted; and

Section 59U

- (b) immediately before the claim is granted, a compensation affected payment for which the person was qualified under the Social Security Act was not payable to the person under section 1165 of that Act because of a lump sum compensation payment made to the person or to the person's partner;

the person's pension is not payable to the person for the remainder of the period that was the person's lump sum preclusion period for the purposes of the Social Security Act.

(2) If:

- (a) a person's claim for a compensation affected pension is granted; and
- (b) immediately before the claim is granted, the person was receiving a compensation affected payment under the Social Security Act at a rate that was reduced under section 1173 of that Act because of periodic compensation payments made to the person or to the person's partner;

then, for the remainder of the period that was the person's periodic payments period for the purposes of the Social Security Act, the person's pension is to be reduced:

- (c) by the amount (*reduction amount*) by which the person's compensation affected payment under the Social Security Act would be reduced under section 1173 of that Act if the person were still qualified for it; or
- (d) if the reduction amount is greater than the amount of the person's pension—to nil.

(3) If:

- (a) a person's claim for a compensation affected payment is granted; and
- (b) immediately before the claim is granted, a compensation affected payment for which the person was qualified under the Social Security Act was not payable to the person because the rate of the person's pension was reduced to nil under section 1173 of that Act because of periodic

Section 59V

compensation payments made to the person or to the person's partner;
then, for the purposes of subsection (2), the person is taken to have been receiving the compensation affected payment at a reduced rate immediately before the claim was granted.

59V Rate reduction under both income/assets test and this Part

If:

- (a) the rate of a person's compensation affected pension is to be reduced under this Part; and
- (b) the rate of the person's pension is reduced under the ordinary/adjusted income test Module or the assets test Module of the Rate Calculator;

the reduction under this Part is to apply to the person's pension as reduced under the ordinary/adjusted income test Module or the assets test Module of the Rate Calculator.

59W Person may have to repay amount where both periodic compensation payments and pension have been received

(1) If:

- (a) a person receives periodic compensation payments; and
- (b) the person receives payments of a compensation affected pension for the periodic payments period; and
- (c) the person was not, at the time of the event that gave rise to the entitlement of the person to the compensation, receiving a compensation affected pension; and
- (d) the payments referred to in paragraph (b) have not been reduced to nil as a result of the operation of section 59T;

the Commission may, by written notice to the person, determine that the person is liable to pay to the Commonwealth the amount specified in the notice.

Note: If a person was, at the time of the event that gave rise to the entitlement of the person to compensation, receiving a compensation affected pension, the compensation is treated as ordinary income. In

Section 59W

cases where arrears of periodic compensation payments are treated as ordinary income, see point SCH6-E4.

(2) The amount specified in the notice is the **recoverable amount** and is worked out under subsections (3) and (4).

(3) If:

- (a) the person is not a member of a couple; or
- (b) the person is a member of a couple and the person's partner:
 - (i) is not eligible for a compensation affected pension; or
 - (ii) is not qualified for a compensation affected payment under the Social Security Act;

the recoverable amount is equal to the smaller of:

- (c) the sum of the periodic compensation payments; and
- (d) the difference between:
 - (i) the sum of the payments of compensation affected pension made to the person for a day or days in the periodic payments period; and
 - (ii) the sum of the payments of compensation affected pension that would have been made to the person for any such day or days had those payments been made at the rate to which the payments were reduced as a result of the operation of section 59T.

(4) If:

- (a) the person is a member of a couple; and
- (b) the person's partner:
 - (i) is eligible for a compensation affected pension; or
 - (ii) is qualified for a compensation affected payment under the Social Security Act;

the **recoverable amount** is equal to the smaller of:

- (c) the sum of the periodic compensation payments; and
- (d) the difference between:
 - (i) the sum of the payments of compensation affected pension, and of compensation affected payments under the Social Security Act, made to the person and the

Section 59X

person's partner for a day or days in the periodic payments period; and

- (ii) the sum of the payments of compensation affected pension, and of compensation affected payments under the Social Security Act, that would have been made to the person and the person's partner for any such day or days had those payments been made at the rate to which the payments were reduced as a result of the operation of sections 59T and 59TA.

59X Periodic compensation payments not counted as ordinary income

If the rate of a person's compensation affected pension is reduced under section 59T because of the receipt of periodic compensation payments, those payments are not regarded as ordinary income of the person for the purposes of this Act.

Division 4—Compensation payers

59Y Commission may send preliminary notice to potential compensation payer

the potential compensation payer must give written notice of the liability to the Department within 7 days after:

- (c) becoming liable; or
- (d) receiving the notice;

whichever happens later.

Penalty: Imprisonment for 12 months.

the **recoverable amount** is the amount determined by the Commission to be the total amount by which the person's, or the person's partner's, compensation affected pension for a day or days in the periodic payments period would have been reduced, because of point SCH6-E4 (payment of arrears of periodic compensation payments), if a determination had been made under section 56D, 56E, 56EA or 56EB.

- (2) If:
 - (a) a person or a person's partner is eligible for a compensation affected pension; and

 - (b) if the incapacity was due to a disease—the incapacity shall be deemed to have arisen out of that disease and that disease shall be deemed to be a defence-caused disease contracted by the member, for the purposes of this Act.
- (8) Neither paragraph (5)(b) nor (5A)(b) applies:

- (9) The Commonwealth is not liable under this section in respect of the death of a member of the Forces or a member of a Peacekeeping Force, or the incapacity of such a member, from injury or disease:
- (a) in a case where the death occurred, or the injury was suffered, or disease was contracted, by the member in circumstances described in subsection (4) or in paragraph (5)(a), (b) or (c) or in paragraph (5A)(a), (b) or (c)—if the death, or the injury or disease, as the case may be:

- (b) in the case of a member who had used tobacco products before 1 January 1998—the member increased his or her use of tobacco products after 31 December 1997.

(10) The Commonwealth is not liable under this section in respect of the death of a member of the Forces or a member of a Peacekeeping Force, or the incapacity of such a member, from injury or disease, if the death or incapacity resulted from the serious default or wilful act of the member that happened after the member ceased, or last ceased, to render defence service or peacekeeping service.

(10A) The Commonwealth is not liable to pay a pension to a dependant of a member of the Forces, or of a member of a Peacekeeping Force, being a child of the member, under subsection (1) or (2) if the dependant has attained the age of 16 years and payments, by way of a living allowance, are being made in respect of the child:

- (a) if the relevant deceased person is a member of the Forces or a member of a Peacekeeping Force—the Commonwealth is liable to pay a pension to the person under this Part as the child of the relevant deceased person; or

- (2) Subsection (1) does not apply if the Commission is satisfied that the person would suffer severe financial hardship if the advance payment deduction were the larger amount.

Section 79O

79O Reduction of advance payment deduction in cases of severe financial hardship

- (1) Subject to subsection (2) and sections 79P and 79Q, if:
- (a) a person applies in writing to the Commission for an advance payment deduction to be decreased, or to be stopped, because of severe financial hardship; and
 - (b) the Commission is satisfied that:
 - (i) the person's circumstances are exceptional and could not reasonably have been foreseen at the time of the person's application for the advance payment; and
 - (ii) the person would suffer severe financial hardship if the advance payment deduction that would otherwise apply were to continue;

the Commission may determine in writing that, for the period stated in the determination, the advance payment deduction is to be the lesser amount (which may be a nil amount) stated in the determination.

- (2) At any time while the determination is in force, the Commission may:
- (a) vary the determination so as to require to be deducted from the person's instalments of pension an advance payment deduction larger than the deduction (if any) previously applying under the determination, but smaller than the deduction applying immediately before the determination; or
 - (b) revoke the determination;
- but only if the Commission is satisfied that the person would not suffer severe financial hardship because of the variation or revocation.
- (3) A variation or revocation of a determination must be in writing.

79P The final advance payment deduction

If an advance payment deduction that would otherwise be deducted from a person's instalment of pension exceeds the part of the advance payment that the person has not yet repaid (by previous deductions under this Division or otherwise), the amount of that advance payment deduction equals the part that the person has not yet repaid.

Example:

Facts: Anne has been paid an advance of \$450. Anne's payment deduction is worked out under section 79M as follows:

$$\$450 \div 13 = \$34.62$$

(The amount is rounded to the nearest cent under section 79R.).

Anne has requested that the advance payment deduction be the larger amount of \$55 (see section 79N), so that the advance will be repaid sooner.

Result: If \$55 is deducted from Anne's fortnightly instalment of pension, \$440 will have been repaid after 8 successive fortnights, leaving \$10 unpaid. Under this section, the final advance payment deduction will be \$10.

79Q Payment rate insufficient to cover advance payment deduction

If the instalment of pension (excluding remote area allowance in the case of a pension payable under Part III or income support supplement) is less than the amount that would be the advance payment deduction apart from this section, the advance payment deduction is taken to be equal to that instalment of pension.

79R Rounding of amounts

An amount worked out under this Division is to be rounded to the nearest cent (rounding half a cent upwards).

Section 79S

79S Unrepaid advance payments to deceased partner to be disregarded

- (1) In calculating, for the purposes of this Act, an amount of pension that would have been paid to a deceased person if the person had not died, any advance payment of pension that has been made to the person and has not been repaid is to be disregarded.
- (2) Subsection (1) does not affect the liability of the estate of the deceased person to repay to the Commonwealth so much of the advance payment as has not been repaid.
