

[REDACTED]

---

I have attached a file Job interview that may assist you in finding the right personnel and staff training.

My name is John [REDACTED] I obtained the rank of sergeant group 5. I was in the first intake of National Service in 1965, and was involved in a car accident when going home on pre-embarkation leave. I was 5RAR ammunition storeman and battalion tailor, I did not go to Vietnam I was in hospital when they left

Australia. My personal experience with dealing with the so called compensation and the stores I have been told by veterans leaves every thing to be desired.

Regards,

John [REDACTED]
